Perfect for fans of *A Woman of No Importance* and *Code Girls*. When Aline Griffith was born in a quiet suburban New York hamlet, no one had any idea that she would go on to live "a life of glamour and danger that Ingrid Bergman only played at in *Notorious*" (Time). As the United States enters the Second World War, the young college graduate is desperate to aid in the war effort, but no one is interested in a bright-eyed young woman whose only career experience is modeling clothes. Even though Katie is a royal princess, all she knows is how to be a spy. She constantly goes from mission to mission, never getting the chance to understand her birthright. This all changes when her father sends her on a mission to Floric with the cover of being a princess who is trying to win the prince's heart. This mission proves to be very different from the others with a shadowy figure to chase, secret passages to explore, secrets to keep and the problem of betrayal that she is about to discover.

Ships of the Royal Navy Mar 05 2020 The essential historical reference on British warships—fully revised. “Right at the top of the ‘must have’ list . . . A book which will get much use ” (Royal Navy and Maritime Book Reviews). This is the fourth fully revised edition of a book first published in 1970. This longevity is testimony to its enduring value as a reference work—indeed, “Colledge,” as the book is universally known, is still the first stop for anyone wanting more information on any British warship from the fifteenth century to the present day when only the name is known. Each entry gives concise details of dimensions, armament, and service dates, and its alphabetical and chronological arrangement makes it easy to track down the right ship—otherwise the Royal Navy’s tradition of reusing the same names can be misleading. When originally published, the second of the two volumes was devoted to minor fighting ships and hired and requisitioned vessels. For the third edition, published in one volume, this material was omitted, but for this

edition, all the genuine fighting ships—like the numbered Coastal Forces craft—have been restored, resulting in a convenient but comprehensive single-volume listing of all significant vessels. Since the death of Jim Colledge, who was widely respected for his pioneering research on the technical details of warships, his magnum opus has been updated, corrected, and expanded with similar enthusiasm and attention to detail by Ben Warlow, a retired naval officer and author of a number of books in the field. “An amazing and immensely valuable work of dedicated and persistent research.” —Baird Maritime

Sexual Decoys Feb 13 2021 In this book, Zillah Eisenstein continues her unforgiving indictment of neoliberal imperial politics. She charts its most recent militarist and masculinist configurations through discussions of the Afghan and Iraq wars, violations at Guantánamo and Abu Ghraib, the 2004 US Presidential election, and Hurricane Katrina. She warns that women's rights rhetoric is being manipulated, particularly by Condoleezza Rice and other women in the Bush administration, as a ploy for global dominance and a misogynistic capture of democratic discourse. However, Eisenstein also believes that the plural and diverse lives of women will lay the basis for an assault on these fascistic elements. This new politics will both

confound and clarify feminisms, and reconfigure democracy across the globe.
