Into the Wild Aug 09 2020 Krakauer's page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. "Terrifying... Eloquent... A heart-rending drama of

human yearning." —New York Times In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher

Johnson McCandless came to die is the unforgettable story of Into the Wild. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander

Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's

innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power

and luminosity of Jon Krakauer's storytelling blaze through every page. Some memories are elusive, fleeting, like a butterfly that touches down and is free until it is caught. Others are haunting. You'd rather forget them, but they won't be forgotten. And some are always there. No matter where you are, they are there, too. In this moving story of legacy and reclamation, two young sisters are

taken from their home and family. Powerless in a broken system, April and Cheryl are separated and placed in different foster homes. Despite the distance, they remain close, even as their decisions threaten to divide them emotionally, culturally, and geographically. As one sister embraces her Métis identity, the other tries to leave it behind. Will the sisters' bond survive as they struggle to make their way in a society that is often indifferent, hostile, and violent? Based on the adult novel *In Search of April Raintree*, this edition has been revised specifically for students in grades 9 through

April Twilights and Other Poems

Jun 30 2022 Before Willa Cather went on to write the novels that would make her famous, she was known as a poet, the most popular of her poems reprinted many times in national magazines and anthologies. Her first book of poetry, *April Twilights*, was published in 1903, but Cather significantly revised

and expanded it in a 1923 edition entitled *April Twilights and Other Poems*. This Everyman's Library edition reproduces for the first time all the poems from both versions of *April Twilights*, along with a number of uncollected and previously unpublished poems by Cather, as well as an illuminating selection of her newly released letters. In such lyrical poems as "The Hawthorn Tree," "Winter at Delphi," "Prairie Spring," "Poor Marty," and "Going Home," Cather exhibits both a finely tuned sensitivity to the beauties of the physical world and a richly symbolic

use of the landscapes of myth. The themes that were to animate her later masterpieces found their first expression in these haunting, elegiac ballads and sonnets.

30 April 1945 Apr 16 2021 It was on April 30, 1945 that the Red Army occupied Berlin, Hitler committed suicide in his underground bunker and the United Nations was being founded in San Francisco. Alexander Kluge covers this single historic day and unravels its passing hours across the different theatres of the Second World War, including the life of a small German town occupied by American forces and the story of two SS officers stranded on the

forsaken Kerguelen Islands. The collective experiences Kluge paints here are jarring, poignant and imbued with meaning.

An Absolutely Remarkable Thing Dec 13 2020

THE INSTANT #1 NEW YORK TIMES BESTSELLER
"Sparkling with

mystery, humor and the uncanny, this is a fun read. But beneath its effervescent tone, more complex themes are at play." —San Francisco Chronicle In his wildly entertaining debut novel, Hank Green—cocreator of Crash Course, Vlogbrothers, and SciShow—spins a sweeping, cinematic tale about a young woman who becomes an overnight celebrity before realizing she's part of something bigger, and stranger, than anyone could have possibly imagined. The Carls just appeared. Roaming through New York City at three a.m., twenty-three-year-old April May stumbles across a

giant sculpture. Delighted by its appearance and craftsmanship—like a ten-foot-tall Transformer wearing a suit of samurai armor—April and her best friend, Andy, make a video with it, which Andy uploads to YouTube. The next day, April wakes up to a viral video and a new life. News quickly spreads that there are Carls in dozens of cities around the world—from Beijing to Buenos Aires—and April, as their first documentarian, finds herself at the center of an intense international media spotlight. Seizing the opportunity to make her mark on the world, April now has to deal

with the consequences her new particular brand of fame has on her relationships, her safety, and her own identity. And all eyes are on April to figure out not just what the Carls are, but what they want from us. Compulsively entertaining and powerfully relevant, *An Absolutely Remarkable Thing* grapples with big themes, including how the social internet is changing fame, rhetoric, and radicalization; how our culture deals with fear and uncertainty; and how vilification and adoration spring for the same dehumanization that follows a life in the public eye. The beginning of an

exciting fiction career, *An Absolutely Remarkable Thing* is a bold and insightful novel of now. [In The End, It Was All About Love](#) Mar 28 2022 The narrator arrives in Berlin, a place famed for its hedonism, to find peace and maybe love; only to discover that the problems which have long haunted him have arrived there too, and are more present than ever. As he approaches his fortieth birthday, nearing the age where his father was killed in a brutal revolution, he drifts through this endlessly addictive and sometimes mystical city, through its

slow days and bottomless nights, wondering whether he will ever escape the damage left by his father's death. With the world as a whole more uncertain, as both the far-right and global temperatures rise at frightening speed, he finds himself fighting a fierce inner battle against his turbulent past, for a future free of his fear of failure, of persecution, and of intimacy. In *The End, It Was All About Love* is a journey of loss and self-acceptance that takes its nameless narrator all the way through bustling Berlin to his roots, a quiet village on the Uganda-Sudan border. It is a bracingly honest story of love,

sexuality and spirituality, of racism, dating, and alienation; of fleeing the greatest possible pain, and of the hopeful road home.

his daughter's best friend, a well-connected young doctor April Latimer has vanished. A junior doctor at a local hospital, she is something of a scandal in the conservative and highly patriarchal society of 1950s Dublin. Though her family is one of the most respected in the city, she is known for being independent-minded; her taste in men, for instance, is decidedly unconventional. Now April has

disappeared, and her friend Phoebe Griffin suspects the worst. Frantic, Phoebe seeks out Quirke, her brilliant but erratic father, and asks him for help. Sober again after intensive treatment for alcoholism, Quirke enlists his old sparring partner, Detective Inspector Hackett, in the search for the missing young woman. In their separate ways the two men follow April's trail through some of the darker

byways of the city to uncover crucial information on her whereabouts. And as Quirke becomes deeply involved in April's murky story, he encounters complicated and ugly truths about family savagery, Catholic ruthlessness, and race hatred. Both an absorbing crime novel and a brilliant portrait of the difficult and relentless love between a father and his daughter, this is Benjamin Black at his sparkling best.
