Automated Essay Scoring Jun 04 2020 This book discusses the state of the art of automated essay scoring, its challenges and its potential. One of the earliest applications of artificial intelligence to language data (along with machine translation and speech recognition), automated essay scoring has evolved to become both a revenue-generating industry and a vast field of research, with many subfields and connections to other NLP tasks. In this book, we review the developments in this field against the backdrop of Elias Page's seminal 1966 paper titled "The Imminence of Grading Essays by Computer." Part 1 establishes what automated essay scoring is about, why it exists, where the technology stands, and what are some of the main issues. In Part 2, the book presents guided exercises to illustrate how one would go about building and evaluating a simple automated scoring system, while Part 3 offers readers a survey of the literature on different types of scoring models, the aspects of essay quality studied in prior research, and the implementation and evaluation of a scoring engine. Part 4 offers a broader view of the field inclusive of some neighboring areas, and Part \ref{part5} closes with summary and discussion. This book grew out of a week-long course on automated evaluation of language production at the North American Summer School for Logic, Language, and Information (NASSLLI), attended by advanced undergraduates and early-stage graduate students from a

variety of disciplines. Teachers of natural language processing, in particular, will find that the book offers a useful foundation for a supplemental module on automated scoring. Professionals and students in linguistics, applied linguistics, educational technology, and other related disciplines will also find the material here useful.

Write Like this Jul 18 2021 If you want to learn how to shoot a basketball, you begin by carefully observing someone who knows how to shoot a basketball. If you want to be a writer, you begin by carefully observing the work of accomplished writers. Recognizing the importance that modeling plays in the learning process, high school English teacher Kelly Gallagher shares how he gets his students to stand next to and pay close attention to model writers, and how doing so elevates his students' writing abilities. Write Like This is built around a central premise: if students are to grow as writers, they need to read good writing, they need to study good writing, and, most important, they need to emulate good writers. In Write Like This, Kelly emphasizes real-world writing purposes, the kind of writing he wants his students to be doing twenty years from now. Each chapter focuses on a specific discourse: express and reflect, inform and explain, evaluate and judge, inquire and explore, analyze and interpret, and take a stand/propose a solution. In teaching these lessons, Kelly provides mentor texts (professional samples as well as models he has written in front of his students), student writing samples, and numerous assignments and strategies proven to elevate student writing. By helping teachers bring effective modeling practices into their classrooms, Write Like This enables students to become better adolescent writers. More important, the practices found in this book will help our students develop the writing skills they will need to become adult writers in the real world.

The Golden Age Jan 12 2021 Longlisted for the Wellcome Book Prize 2017 A moving story about transition between illness and recovery, childhood and maturity, life and death. Thirteen-year-old Frank Gold's family escaped from Hungary and the perils of WW2 to the safety of Australia, but not long after their arrival Frank is diagnosed with polio. Sent to a sprawling children's hospital called The Golden Age, he meets Elsa, the most beautiful girl he has ever seen, and a vocation for poetry. Frank and Elsa fall in love, fuelling one another's rehabilitation and facing the perils of polio and adolescence hand in hand. Meanwhile Frank and Elsa's parents must cope with their changing realities. Margaret, who has sacrificed everything to be a perfect mother, must reconcile her hopes and dreams with her daughter's illness. Frank's parents are isolated newcomers in a country they don't love. Ida, a renowned pianist in Hungary, refuses to allow the western deserts of Australia to become her home, while her husband Meyer slowly begins to free himself from the past and find his place in the Perth of the early 1950s.

College Essay Essentials Jun 28 2022 Writing an amazing college admission essay is easier than you think! So you're a high school senior given the task of writing a 650-word personal statement for your college application. Do you tell the story of your life, or a story from your life? Do you choose a single moment? If so, which one? The options seem endless. Lucky for you, they're not. College counselor Ethan Sawyer (aka The College Essay Guy) will show you that there are only four (really, four!) types of college admission essays. And all you have to do to figure out which type is best for you is answer two simple questions: 1. Have you experienced significant challenges in your life? 2. Do you know what you want to be or do in the future? With these questions providing the building blocks for your essay, Sawyer guides you through the rest of the process, from choosing a structure to revising your essay, and answers the big questions that have probably been keeping you up at night: How do I brag in a way that doesn't sound like bragging? and How do I make my essay, like, deep? Packed with tips, tricks, exercises, and sample essays from real students who got into their dream schools, College Essay Essentials is the only college essay guide to make this complicated process logical, simple, and (dare we say it?) a little bit fun.

Design, Utilization, and Analysis of Simulations and Game-Based Educational Worlds Aug 26 2019 Games and simulations have emerged as new and effective tools for educational learning by providing interactivity and integration with online resources that are typically unavailable with traditional educational resources. Design, Utilization, and Analysis of Simulations and Game-Based Educational Worlds presents developments and evaluations of games and computer-mediated simulations in order to showcase a better understanding of the role of electronic games in multiple studies. This book is useful for researchers, practitioners, and policymakers to gain a deeper comprehension of the relationship between research and practice of electronic gaming and simulations in the educational environment.

To Kill a Mockingbird Sep 19 2021 Voted America's Best-Loved Novel in PBS's The Great American Read Harper Lee's Pulitzer Prize-winning masterwork of honor and injustice in the deep South—and the heroism of one man in the face of blind and violent hatred One of the most cherished stories of all time, *To Kill a Mockingbird* has been translated into more than forty languages, sold more than forty million copies worldwide, served as the basis for an enormously popular motion picture, and was voted one of the best novels of the twentieth century by librarians across the country. A gripping, heart-wrenching, and wholly remarkable tale of coming-of-age in a South poisoned by virulent prejudice, it views a world of great beauty and savage inequities through the eyes of a young girl, as her father—a crusading local lawyer—risks everything to defend a black man unjustly accused of a terrible crime.

Othello Mar 26 2022 Enter RODERIGO and IAGORODERIGO Tush! never tell me; I take it much unkindly That thou, Iago, who hast had my purse As if the strings were thine, shouldst know of this. IAGO'S blood, but you will not hear me: If ever I did dream of such a matter, Abhor me. RODERIGO Thou told'st me thou didst hold him in thy hate. IAGO Despise me, if I do not. Three great ones of the city, In personal suit to make me his lieutenant, Off-capp'd to him: and, by the faith of man, I know my price, I am worth no worse a place:

But he; as loving his own pride and purposes, Evades them, with a bombast circumstance Horribly stuff'd with epithets of war; And, in conclusion, Nonsuits my mediators; for, 'Certes, ' says he, 'I have already chose my officer.' And what was he? Forsooth, a great arithmetician, One Michael Cassio, a Florentine, A fellow almost damn'd in a fair wife; That never set a squadron in the field, Nor the division of a battle knows More than a spinster; unless the bookish theoretic, Wherein the togged consuls can propose As masterly as he: mere prattle, without practise, Is all his soldiership. But he, sir, had the election: And I, of whom his eyes had seen the proof At Rhodes, at Cyprus and on other grounds Christian and heathen, must be be-lee'd and calm'd By debtor and creditor: this counter-caster, He, in good time, must his lieutenant be, And I-God bless the mark!-his Moorship's ancient

Lying Jun 24 2019 As it was in Anna Karenina, Madame Bovary, and Othello, so it is in life. Most forms of private vice and public evil are kindled and sustained by lies. Acts of adultery and other personal betrayals, financial fraud, government corruption—even murder and genocide—generally require an additional moral defect: a willingness to lie. In *Lying*, best-selling author and neuroscientist Sam Harris argues that we can radically simplify our lives and improve society by merely telling the truth in situations where others often lie. He focuses on "white" lies—those lies we tell for the purpose of sparing people discomfort—for these are the lies that most often tempt us. And they tend to be the only lies that good people tell while imagining that they are being good in the process.

The Murder of Helen Jewett Aug 19 2021 In 1836, the murder of a young prostitute made headlines in New York City and around the country, inaugurating a sex-and-death sensationalism in news reporting that haunts us today. Patricia Cline Cohen goes behind these first lurid accounts to reconstruct the story of the mysterious victim, Helen Jewett. From her beginnings as a servant girl in Maine, Helen Jewett refashioned herself, using four successive aliases, into a highly paid courtesan. She invented life stories for herself that helped her build a sympathetic clientele among New York City's elite, and she further captivated her customers through her seductive letters, which mixed elements of traditional feminine demureness with sexual boldness. But she was to meet her match--and her nemesis--in a youth called Richard Robinson. He was one of an unprecedented number of young men who flooded into America's burgeoning cities in the 1830s to satisfy the new business society's seemingly infinite need for clerks. The son of an established Connecticut family, he was intense, arrogant, and given to posturing. He became Helen Jewett's lover in a tempestuous affair and ten months later was arrested for her murder. He stood trial in a five-day courtroom drama that ended with his acquittal amid the cheers of hundreds of fellow clerks and other spectators. With no conviction for murder, nor closure of any sort, the case continued to tantalize the public, even though Richard Robinson disappeared from view. Through the Erie Canal, down the Ohio and the Mississippi, and by way of New Orleans, he reached the wilds of Texas and a new life under a new name. Through her meticulous and ingenious research, Patricia Cline Cohen traces his life there and the many twists and turns of the lingering mystery of the murder. Her stunning portrayals of Helen Jewett, Robinson, and their raffish, colorful nineteenth-century world make vivid a frenetic city life and sexual morality whose complexities, contradictions, and concerns resonate with those of our own time.

Frankenstein (Modern English Translation) Jun 16 2021 Carefully edited for modern readers to allow for easier reading Obsessed with the secret of creation, Swiss scientist Dr. Victor Frankenstein cobbles together a body he's determined to bring to life. And one fateful night, he does. When the creature opens his eyes, the doctor is repulsed: his vision of perfection is, in fact, a hideous monster. Dr. Frankenstein abandons his creation, but the monster won't be ignored, setting in motion a chain of violence and terror that shadows Victor to his death. Mary Shelley's *Frankenstein*, a gripping story about the ethics of creation and the consequences of trauma, is one of the most influential Gothic novels in British literature. It is as relevant today as it is haunting.

Who Said the Mechanics of Essay Writing Can't Be Fun? Jul 26 2019 This book is essentially a sequel to Francis A. Andrew's earlier book, "Who Said English Grammar Was Boring?" The "sequel" begins by devoting a few chapters to some grammar points and continues with explanations and examples of twenty three essay types. As well as example essays, each unit provides reading passages which are unrelated to the essay type. The reason for this is to encourage students to read widely and thus to see reading and writing as interconnected and inter-related skills.

Handbook of Automated Essay Evaluation Oct 21 2021 This comprehensive, interdisciplinary handbook reviews the latest methods and technologies used in automated essay evaluation (AEE) methods and technologies. Highlights include the latest in the evaluation of performance-based writing assessments and recent advances in the teaching of writing, language testing, cognitive psychology, and computational linguistics. This greatly expanded follow-up to *Automated Essay Scoring* reflects the numerous advances that have taken place in the field since 2003 including automated essay scoring and diagnostic feedback. Each chapter features a common structure including an introduction and a conclusion. Ideas for diagnostic and evaluative feedback are sprinkled throughout the book. Highlights of the book's coverage include: The latest research on automated essay evaluation. Descriptions of the major scoring engines including the E-rater®, the Intelligent Essay Assessor, the Intellimetric™ Engine, c-rater™, and LightSIDE. Applications of the uses of the technology including a large scale system used in West Virginia. A systematic framework for evaluating research and technological results. Descriptions of AEE methods that can be replicated for languages other than English as seen in the example from China. Chapters from key researchers in the field. The book opens with an introduction to AEEs and a review of the "best practices" of teaching writing along with tips on the use of automated analysis in the classroom. Next the book highlights the capabilities and applications of several scoring engines including the E-rater®, the Intelligent Essay Assessor, the Intellimetric™ engine, c-rater™, and LightSIDE. Here readers will find an actual application of the use of an AEE in West Virginia, psychometric issues related to AEEs such as validity, reliability, and scaling, and the use of automated scoring to detect reader drift, grammatical errors, discourse coherence quality, and the impact of human rating on AEEs. A review of the cognitive foundations underlying methods used in AEE is also provided. The book concludes with a comparison of the various AEE systems and speculation about the future of the field in light of current educational policy. Ideal for educators, professionals, curriculum specialists, and administrators responsible for developing writing programs or distance learning curricula, those who teach using AEE technologies, policy makers, and researchers in education, writing,

psychometrics, cognitive psychology, and computational linguistics, this book also serves as a reference for graduate courses on automated essay evaluation taught in education, computer science, language, linguistics, and cognitive psychology.

Thank You, M'am Dec 23 2021 A teenager tries to steal the purse of Mrs. Luella Bates Washington Jones and is rebuked in a surprising fashion.

Lord of the Flies May 28 2022 Golding's iconic 1954 novel, now with a new foreword by Lois Lowry, remains one of the greatest books ever written for young adults and an unforgettable classic for readers of any age. This edition includes a new Suggestions for Further Reading by Jennifer Buehler. At the dawn of the next world war, a plane crashes on an uncharted island, stranding a group of schoolboys. At first, with no adult supervision, their freedom is something to celebrate. This far from civilization they can do anything they want. Anything. But as order collapses, as strange howls echo in the night, as terror begins its reign, the hope of adventure seems as far removed from reality as the hope of being rescued.

Americans have built an empire on the idea of "race," a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? *Between the World and Me* is Ta-Nehisi Coates's attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children's lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly illuminates the past, bracingly confronts our present, and offers a transcendent vision for a way forward.

Night May 16 2021 A New Translation From The French By Marion Wiesel Born in Sighet, Transylvania, Elie Wiesel was a teenager when he and his family were taken from their home in 1944 and deported to the Auschwitz concentration camp, and then to Buchenwald. Night is the terrifying record of Elie Wiesel's memories of the death of his family, the death of his own innocence, and his despair as a deeply observant Jew confronting the absolute evil of man. This new translation by his wife and most frequent translator, Marion Wiesel, corrects important details and presents the most accurate rendering in English of Elie Wiesel's seminal work.

Slouching Towards Bethlehem Apr 02 2020 The "dazzling" and essential portrayal of 1960s America from the author of South and West and The Year of Magical Thinking (The New York Times). Capturing the tumultuous landscape of the United States, and in particular California, during a pivotal era of social change, the first work of nonfiction from one of American literature's most distinctive prose stylists is a modern classic. In twenty razor-sharp essays that redefined the art of journalism, National Book Award-winning author Joan Didion reports on a society gripped by a deep generational divide, from the "misplaced children" dropping acid in San Francisco's Haight-Ashbury district to Hollywood legend John Wayne filming his first picture after a bout with cancer. She paints indelible portraits of reclusive billionaire Howard Hughes and folk singer Joan Baez, "a personality before she was entirely a person," and takes readers on eye-opening

journeys to Death Valley, Hawaii, and Las Vegas, “the most extreme and allegorical of American settlements.” First published in 1968, *Slouching Towards Bethlehem* has been heralded by the New York Times Book Review as “a rare display of some of the best prose written today in this country” and named to Time magazine’s list of the one hundred best and most influential nonfiction books. It is the definitive account of a terrifying and transformative decade in American history whose discordant reverberations continue to sound a half-century later.

France 1814 - 1914 Nov 09 2020 Here is an incomparably rich portrait of France in the years when the disparate elements that made up the fragmented kingdom of the ancien regime were forged into the modern nation. The survey begins with an exploration of national obsessions and attitudes. It considers the tendency to revolution and war, the preoccupation with the idea of a New Order and the deep strain of national paranoia that was to be intensified by the dramatic debacle of the Franco-Prussian War. Robert Tombs then investigates the structures of power and in Part Three he turns his attention to social identities, from the individual and family to the nation at large. When every aspect of the period has been put under the microscope, Robert Tombs draws them all into the broad political narrative that brings the book to its rousing conclusion. Bursting with life as well as learning, this is, quite simply, a tour de force.
