A Thousand Hills to Heaven Jan 27 2022 One couple's inspiring memoir of healing a Rwandan village, raising a family near the old killing fields, and building a restaurant named Heaven. Newlyweds Josh and Alissa were at a party and received a challenge that shook them to the core: do you think you can really make a difference? Especially in a place like Rwanda, where the scars of genocide linger and poverty is rampant? While Josh worked hard bringing food and health care to the country's rural villages, Alissa was determined to put their foodie expertise to work. The couple opened Heaven, a gourmet restaurant overlooking Kigali, which became an instant success. Remarkably, they found that between helping youth marry their

own local ingredients with gourmet recipes (and mix up "the best guacamole in Africa") and teaching them how to help themselves, they created much-needed jobs while showing that genocide's survivors really could work together. While first a memoir of love, adventure, and family, *A Thousand Hills to Heaven* also provides a remarkable view of how, through health, jobs, and economic growth, our foreign aid programs can be quickly remodeled and work to end poverty worldwide.

Under the Banner of Heaven Oct 31 2019 NATIONAL BESTSELLER • From the author of *Into the Wild* and *Into Thin Air*, this extraordinary work of investigative journalism takes readers inside America's isolated Mormon Fundamentalist communities. Defying both civil authorities and the Mormon establishment in Salt Lake City, the renegade leaders of these Taliban-like theocracies are zealots who answer only to God; some 40,000 people still practice polygamy in these communities. At the core of Krakauer's book are brothers Ron and Dan Lafferty, who insist they received a commandment from God to kill a blameless woman and her baby girl. Beginning with a meticulously researched account of this appalling double murder, Krakauer constructs a multi-layered, bone-chilling narrative of messianic delusion, polygamy, savage violence, and unyielding faith. Along the way he uncovers a shadowy offshoot of America's fastest growing religion, and raises provocative questions about the nature of religious belief.

Between earth and heaven Jul 21 2021 *Between earth and heaven* examines the teaching of the theology of Christ's

ascension in Anglo-Saxon literature, offering the only comprehensive examination of how patristic ascension theology is transmitted, adapted and taught to Anglo-Saxon audiences. This book argues that Anglo-Saxon authors recognise the Ascension as fundamentally liminal in nature, as concerned with crossing boundaries and inhabiting dual states. In their teaching, authors convert abstract theology into concrete motifs reflecting this liminality, such as the gates of heaven and Christ's footprints. By examining a range of liminal imagery, *Between earth and heaven* demonstrates the consistent sophistication and unity of Ascension theology in such diverse sources as Latin and Old English homilies, religious poetry, liturgical practices, and lay popular beliefs and rituals. This study not only refines our evaluation of Anglo-Saxon authors' knowledge of patristic theology and their process of source adaptation, but also offers a new understanding of the methods of religious instruction and uses of religious texts in Anglo-Saxon England, capturing their lived significance to contemporary audiences.

The SAGE Encyclopedia of Alcohol Jul 09 2020 Alcohol consumption goes to the very roots of nearly all human societies. Different countries and regions have become associated with different sorts of alcohol, for instance, the "beer culture" of Germany, the "wine culture" of France, Japan and saki, Russia and vodka, the Caribbean and rum, or the "moonshine culture" of Appalachia. Wine is used in religious rituals, and toasts are used to seal business deals or to celebrate marriages and state dinners. However, our relation with alcohol is one of love/hate. We also regulate it and tax it, we pass laws about when and where it's appropriate, we crack down severely on drunk driving, and the United States and other countries tried the failed "Noble Experiment" of Prohibition. While there are many encyclopedias on alcohol, nearly all approach it as a substance

of abuse, taking a clinical, medical perspective (alcohol, alcoholism, and treatment). The SAGE Encyclopedia of Alcohol examines the history of alcohol worldwide and goes beyond the historical lens to examine alcohol as a cultural and social phenomenon, as well—both for good and for ill—from the earliest days of humankind.

Imagine Heaven Apr 05 2020 It's obvious from the bookshelves and the big screen that heaven is on everyone's mind. All of us long to know what life after death will be like. Bestselling author John Burke is no exception. For decades, he has been studying accounts of people who have had near-death experiences (NDEs). While not every detail of individual NDEs correlate with Scripture, Burke shows how the common experiences shared by thousands of survivors clearly point to the God of the Bible and the exhilarating picture of heaven he promises. *Imagine Heaven* is an inspirational journey through the Bible's picture of heaven, colored in with the real-life stories of heaven's wonders. Burke compares gripping stories of NDEs to what Scripture says about our biggest questions of heaven: Will I be myself? Will I see friends and loved ones? What will it look like? What is God like? What will we do forever? What about children and pets? This book will propel readers into an experience that will forever change their view of the life to come and the way they live life today. It also tackles the tough questions of heavenly reward and hellish NDEs. Anyone interested in NDEs or longing to imagine heaven more clearly will enjoy this fascinating and hope-filled book.
