**The Fortunate Ones** May 06 2020 At Twin Oaks Country Club, there are the fortunate ones, and then there are the rest of us: the waiters, the caddies, the valets, and in my case, the cabana girls. Most days, I'm poolside in a pleated skirt, dishing out margaritas to tycoons and titans. It's not exactly my dream job, but it does come with one perk... James Ashwood. He's my silver lining in a custom black suit. Besides being a legacy member at the club, he's a tech mogul and Austin's most eligible bachelor. Oh, and those dimples? Yeah, they make my stomach dip too. On good days, I catch his sleek Porsche winding down the tree-lined drive. On better days, I steal a glimpse of his handsome profile as we pass in the hall. And on the absolute best day, I find him alone at the bar, looking for company. "Come have a seat." Those four little words set me down a path I never could have imagined. Private planes, penthouse suites, and temptations around every corner make it impossible to keep my distance. His world feels decadent and wild-but overindulgence comes with a cost. Every kiss comes with strings. Every erotic encounter is a promise I'm not ready to keep. When I pump the brakes, he hits the gas. James doesn't want to go slow-he wants a commitment. And the thing about the fortunate ones? They're used to getting what they want.

**Twenty-Two** Feb 24 2022 Over the course of twenty-two letters, author Allison Trowbridge addresses a wide range of practical issues and ties them to larger concerns such as identity, loss, social impact as a lifestyle, wisdom in the ordinary moments, and the profound way God's work is realized in how we live every day. Subtly weaving in today's pressing social concerns—from poverty in our neighborhoods to human trafficking across the globe—*Twenty-Two* will inspire a greater sense of mission and a passion to live more fully as young women embark on their own remarkable journeys. Allison Trowbridge harnesses the power of story in a series of letters to an imagined young woman wrestling with the questions that arise as she stands on the precipice of adulthood. Never in history has a young woman had so many options before her, yet never has she had less direction or guidance on what to do with them. A woman at the precipice of adulthood often finds herself with more questions than answers, with more disenchantment than direction. How is she supposed to "lean in" to a successful career while also building deeply meaningful relationships? How can she care for the community around her while simultaneously developing a global mindset and changing the world? How can she be all that she is destined to be without feeling paralyzed by the pressure of so many prospects? Allison Trowbridge knows this dilemma well. She remembers stepping into her twenties and wishing for a mentor to guide her through this dizzying season of life. In *Twenty-Two*, she becomes the mentor she was looking for. Drawing from her own experience and from the wisdom of others, she offers advice and counsel in a series of personal letters to "Ashley," a fictional college student looking for mentorship from someone one step ahead in life.

**25 Lies** Mar 04 2020 Vince Ellison is America's most fearless truth teller. Agree or disagree with his thesis, open-minded readers must grapple with the persuasive power of his arguments, his mastery of facts, and his passionate love for mankind and our Creator. As a young man, Ellison began his career in the belly of the beast—as a prison guard working in the worst cellblock imaginable—the one housing mass murderers, rapists, child molesters, and others who would never be released, and whose crimes would never be redeemed in this world. Vince Ellison saw the face of evil up close. He knows it like few of us ever could. And it was to his dismay and sadness that he has seen that same evil later in life. This time, not in the faces of hardened, incarcerated criminals. But rather in the eyes of the leaders of the Democratic party. In this stunningly persuasive work, Vince marshals his own experience and couples it with a learned and original analysis to conclude that the leaders of America's "progressive" party aren't just wrong on their policy stances—they are deliberately and intently destructive. Ellison painstakingly dismantles the twenty-five lies underlying Democratic policies and arguments, and provides readers with the tools they need to understand and refute these myths and deceptions. Finally, Ellison implores his fellow Americans and Christians to open their eyes to the damage being done to the nation's heart and soul in the name of progressivism.

Something was very wrong. Finally at twenty-eight, after much contemplation and a life-changing encounter with his mentor, Paul traded in his high-paying job and sought a more meaningful life. Now, having achieved a sense of happiness and fulfillment like never before, and after examining all that he has learned along the way, Paul wants to help young adults avoid the pitfalls he succumbed to, including madly chasing empty financial success. His goal is to help others pursue their God-given purpose, and in *QUARTER-LIFE CALLING*, he shares enlightening biblical insights and practical ways to make it happen.

Twenty somethings may commiserate about the challenges they face, but few resources offer practical lessons or suggestions. In these pages, quarter-life men and women tell their stories, sharing their successes and failures, along with their frustrations and realizations. The author's insightful commentary and "take away" suggestions provide the tools and skills you need to create change and direction in your life. **Packing Light** Jan 02 2020 Carrying baggage you don't need? When I was in college, I figured my life would come together around graduation. I'd meet a guy, have a beautiful wedding, and we'd buy a nice little house—not necessarily with a picket fence, but with whatever kind of fence we wanted. Whatever we decided, I would be happy. When I got out of college and my life didn't look like that, I floundered, trying to get the life I had

always dreamed of through career, travel, and relationships. But none of them satisfied me as I hoped. Like many twentysomethings, I tried to discover the life of my dreams, but instead I just kept accumulating baggage—school loans, electronics I couldn't afford, hurt from broken relationships, and unmet expectations for what life was "supposed to be" like. Just when I had given up all hope of finding the "life I'd always dreamed about," I decided to take a trip to all fifty states . . . because when you go on a trip, you can't take your baggage. What I found was that "packing light" wasn't as easy as I thought it would be. This is the story of my trip and learning to live life with less baggage.

*The Art of Work* Jan 14 2021

**The Defining Decade** Sep 09 2020 New York Times bestselling psychologist Dr. Meg Jay uses real stories from real lives to provide smart, compassionate, and constructive advice about the crucial (and difficult) years we cannot afford to miss. Our "thirty-is-the-new-twenty" culture tells us the twentysomething years don't matter. Some say they are a second adolescence. Others call them an emerging adulthood. Dr. Meg Jay, a clinical psychologist, argues that twentysomethings have been caught in a swirl of hype and misinformation, much of which has trivialized what is actually the most defining decade of adulthood. Drawing from almost two decades of work with hundreds of clients and students, *The Defining Decade* weaves the latest science of the twentysomething years with the behind-closed-doors stories from twentysomethings, themselves. The result is a provocative read that provides the tools necessary to make the most of your twenties, and shows us how work, relationships, personality, social networks, identity, and even the brain can change more during this decade than at any other time in adulthood—if we use the time wisely. *The Defining Decade* is a smart, compassionate and constructive book about the years we cannot afford to miss.

**Why Do Architects Wear Black?** Jun 18 2021 "Why is it really that architects wear black?" was a question put to Cordula Rau by an automotive industry manager during an architectural competition. Even though she herself is an architect, and wears black, she did not have an answer on the spot. So she decided to ask other architects, as well as artists and designers. She has been collecting their handwritten replies in a notebook since 2001. In 2008, this collection of autographs appeared as a small publication - obviously bound in black. For the purpose of the new edition, this

legendary collection was expanded by new notable, amusing, pragmatic, and quirky reasons: "Please read - and don't ask me why architects wear black!". (Cordula Rau)

**The In-Between** Sep 21 2021 We're an "instant gratification" generation—but most change happens gradually. Many of us spend our lives searching and longing for something more than what is in front of us. Whether it's traveling abroad or chasing cheap (or expensive) thrills, we're all looking for the medicine to satisfy our restlessness. And so often we're looking in the wrong place. The In-Between is a call to accept the importance that waiting plays in our lives. Can we embrace the extraordinary nature of the ordinary and enjoy the daily mundane—what lies in between the "major" moments? Learning to live in this tension, to be content in these moments of waiting, may be our greatest struggle—and our greatest opportunity to grow.

**Facing Leviathan** Nov 23 2021 There are two styles of leadership at war in the world. On one side the mechanical leader casts a vision of heroic action aided by pragmatism, reason, technology, and power. On the other side the organic leader strives to bring forth creativity, defying convention, and relishing life in culture's margins. This leadership battle is at the heart of our contemporary culture, but it is also an ancient battle. It is the reinvocation of two great heresies, one rooted in an attempt to reach for godlikeness, the other bowing before the sea monster of the chaotic deep. Today's leader must answer many challenging questions including: What does it mean to lead in a cultural storm? How do I battle the darkness in my own heart? Is there such a thing as a perfect leader? Weaving a history of leadership through the Enlightenment, Romanticism, tumultuous 19th-century Paris, and eventually World War II, cultural commentator Mark Sayers brings history and theology together to warn of the dangers yet to come, calling us to choose a better way.
