If I Survive Jun 18 2021 "This is a true story of Holocaust survival. The story of Nazi Germany and the Jews is a story of anti-Semitism, gas chambers, genocide and World War II. The Warsaw ghetto where the Nazis had imprisoned the Jews was being emptied as Adolph Hitler's Final Solution to murder all of European Jewry was put into action. Lena kept thinking, "It's my turn next." As some Jews escaped Treblinka and exposed it as being a death camp not a labour camp, young men and women in the ghetto decided to make a stand. Lena helped in the resistance which became the Warsaw Ghetto Uprising by gathering light bulbs from empty houses which could be used for Molotov cocktails. By a miracle, she escaped the ghetto before it became an inferno. But where could she hide? After 18 months in hiding, she found herself tossed out on the streets of war-torn Warsaw. The Poles had risen up against the Germans who crushed the resistance and levelled the city. Where could Lena hide? How did she maintain the will to survive? When it was over and she could walk free, the tears she had held back flooded out because she was all alone and there was no one to care that she had survived and no one to go to. How to rebuild from all the destruction? Author Barbara Miller adds to Holocaust history by skilfully weaving her research with Lena's diary and interviews to bring her biography to life. Lena helped her companions in hiding to survive with her humour and compassion. She is 100 in January 2019 and her miraculous story of survival against the odds will inspire you to not give up no matter how dark the time or difficult the situation or cruel the people around you."--Publisher's website.

The Girls of Gettysburg Jul 28 2019 A gripping historical novel in which the fates of three young girls collide amidst the chaos of the American Civil War. Disguised as a boy, thirteen-year-old Annie Gordon becomes a soldier and joins the Portsmouth Rifles of the 9th Virginia Infantry as they march north to Gettysburg. Tillie Pierce, the frivolous fourteen-year-old daughter of a wealthy merchant finds herself surrounded by a vicious battle, destroying her romanticized notion of war. Defiantly, Grace Bryan and her father refuse to flee with the other free black citizens of Gettysburg, who fear the rebels will arrest them as fugitive slaves, determined to help others Everything comes to a head on the final day of the battle with Pickett's Charge, the suicidal Confederate assault on Gettysburg-- when the which the lives of the three girls--a Yankee, a rebel and a free black--are linked and forever changed. Bobbi Miller's well-researched novel draws on actual accounts of the Battle of Gettysburg, weaving an unforgettable tale of the tragedies and triumphs, the humanity, heartache, and heroism of this Civil War battle. Told in fast-paced chapters with alternating points of view, The Girls of Gettysburg is a fascinating glimpse at the different worlds that existed, side by side, in this tumultuous moment. Perfect for introducing young readers to the complexities of the Civil War, and the ways in which our experiences shape our lives.

Architecture and Politics in Germany, 1918-1945 Sep 21 2021 In the spring of 1933, the Nazi government began its campaign to eliminate "modern" tendencies in German art--with particular emphasis on architecture--and to eradicate what it chose to call "art bolshevism." The Bauhaus, by then an internationally famous center of avant garde design, was shut down. In a close analysis of intellectual, political, social, and economic developments, Lane shows that Nazi views on architecture were generated by a complex of historical factors. Far from being cohesive, Nazi cultural policy was largely the product of the conflicting ideas about art held by the Nazi leaders and their efforts to advance these ideas during internal power struggles.

White Woman Black Heart Oct 11 2020 Barbara often found herself saying, "the stork dropped me at the wrong house' only to find she was repeating her mother's words. In this riveting memoir exploring race relations and social change, Aboriginal elder Burnum Burnum, told her, "you may be white but you have a black heart, as you understand my people and feel our heart.' He suggested to International Development Action that she take on the Mapoon project and played matchmaker by introducing her to Aboriginal teacher and Australian civil rights movement leader Mick Miller. The Mapoon Aborigines were forcibly moved off their land by the Queensland government in NE Australia in 1963 to make way for mining. With an effective team behind her, Barbara helped them move back in 1974 to much government opposition which saw her under house arrest with Marjorie Wymarra. It also saw Jerry Hudson and Barbara taken to court. In helping the Mapoon people return to their homeland, she found her home as part of an Aboriginal family, firstly Mick's and later Norman's as she remarried many years later, now being with her soulmate Norman about 30 years. It is a must read for those interested in ethnic studies and political science as an isolated outback community whose houses, school, health clinic, store and church were burnt to the ground rose from the ashes and rebuilt despite all the odds. It is a testimony to the Mapoon people's strength. Scroll up the top and click the "buy now" button.

Theater of Memory Dec 25 2021 This volume offers comprehensive analyses and new translations of Kalidasa's three extant plays: "Sakuntala and the Ring of Recollection," "Urvashi Won by Valor," and "Malavika and Agnimitra."

Assessing Organizational Performance in Higher Education Jan 26 2022 The book provides a full complement of assessment technologies that enable leaders to measure and evaluate performance using qualitative and quantitative performance indicators and reference points in each of seven areas of organizational performance. While these technologies are not new, applying them in a comprehensive assessment of the performance of both academic and administrative organization in higher education is a true innovation. *Assessing Organizational Performance in Higher Education* defines four types of assessment user groups, each of which has unique interest in organizational performance. This offers a new perspective on who uses performance results and why they use them. These varied groups emphasize that assessment results must be tailored to fit the needs of specific groups, that "one-size-fits-all" does not apply in assessment. An assessment process must be robust and capable of delivering the right information at the right time to the right user group.

Bent on revenge, she rode again through the fortress gates, disguised as a peasant...to seek aid from Geoffrey Berkley, the powerful baron who had routed the murderers. Yet as Elizabeth fought the warrior's caresses, love flamed for this gallant man who must soon champion her cause...and capture her spirited heart.

Nazi Ideology Before 1933 Sep 29 2019 This volume brings together a hitherto scattered and inaccessible body of material crucial to the understanding of the evolution of Nazi political thought. Before the publication of this volume, scholars had virtually ignored the extensive writings and programs published by leading Nazi ideologues before 1933. Barbara Miller Lane and Leila J. Rupp have collected the political writings of Nazi theorists—Dietrich Eckart, Alfred Rosenberg, Gottfried Feder, Joseph Goebbels, Gregor and Otto Strasser, Heinrich Himmler, and Richard Walther Darré—during the period before the National Socialists came to power. The Strassers are given considerable space because of their great intellectual importance within the party before 1933. In commentary by the editors, the significance of each Nazi theorist is weighed and evaluated at each stage of the history of the party. Lane and Rupp conclude that Nazi ideology, before 1933 at least, was not a consistent whole but a doctrine in the process of rapid development to which new ideas were continually introduced. By the time the Nazis came to power, however, a group of interrelated assertions and official promises had been made to party followers and to the public. Hitler and the Third Reich had to accommodate this ideology, even when not implementing it. Hitler's role in the development of Nazi ideology, interpreted here as a very permissive one, is thoroughly assessed. His own writings, however, have been omitted since they are readily available elsewhere. The twenty-eight documents included in this book illustrate themes and phases in Nazi ideology which are discussed in the introduction and the detailed prefatory notes. Long selections, as often as possible full-length, are provided to allow the reader to follow the arguments. Each selection is accompanied by an introductory note and annotations which clarify its relationship to other works of the author and other writings of the period. Also included are original translations of the "Twenty-Five Points" and a number of little-known official party statements.

The Stasi Files Unveiled Jun 06 2020 In 1992 the massive files of East Germany's infamous Ministry for State Security, the Stasi, were made publicly available and thousands of former East Germans began to confront their contents. Finally it was possible for ordinary citizens to ascertain who had worked for the Stasi, either on a full-time basis or as an "unofficial employee," the Stasi's term for an informer. The revelations from these documents sparked feuds old and new among a population already struggling through enormous social and political upheaval. Drawing upon the Stasi files and upon interviews with one-time informers, this book examines the impact of the Stasi legacy in united Germany. Barbara Miller examines such aspects of the informer's experience as: the recruitment procedure; daily life and work; motivation and justification. She goes on to consider the dealings of politicians and the courts with the Stasi and its employees. Her analysis then turns to the way in which this aspect of recent German history has been remembered, and the phenomenal impact of the opening of the files on such perceptions of the past. *The Stasi Files Unveiled: Guilt and Compliance in a Unified Germany* offers important new perspectives on the nature of individual and collective memory and is a fascinating investigation of modern German society. Barbara Miller graduated from

the University of Glasgow in 1991 with a degree in German and psychology. She taught and researched in Germany and Austria before completing her doctoral thesis in Glasgow in 1997. She is now based in Sydney, Australia.

Sex and Gender Hierarchies Jun 30 2022 This edited collection attempts to revive a unified anthropological approach to the study of sex and gender hierarchies. Seventeen distinguished contributors - from cultural anthropology, physical anthropology, archaeology, and anthropological linguistics - have produced a wealth of fascinating data on human and primate, ancient and contemporary, and 'primitive' and developed societies, covering topics such as mothering and child care, work, health, intrafamily relationships, and public power. The Dying Days Of Segregation In Australia Feb 12 2021 While this book is an up-to-date account of the situation in Australia generally and particularly in Yarrabah, an Aboriginal community near Cairns, Queensland, most of the research was done in 1984. This was an incredibly significant time when nearly 100 years of legal oppression and segregation of Indigenous people in Queensland came to an end. What began in 1897 as legislation to ostensibly protect Indigenous people from white society, including outright slaughter, ended up as the Queensland Aborigines Act which put them on reserves with a permit system like apartheid South Africa? Read real life stories about segregation, self-management, land rights and human rights.

White Australia Has a Black History Aug 28 2019 William Cooper was an Australian Aboriginal activist who lived from 1860-1941 and his biography tells how he set a platform for activists to follow right up to 2019 with recent calls for Voice, Treaty, Truth in the Uluru Statement from the Heart. He was the founder of NAIDOC and had the idea for the Day of Mourning for the 150th anniversary of white settlement. He petitioned the King of England for his people only to find that Aborigines were not citizens of Australia. This led to those he mentored like Ps Doug Nicholls taking up the campaign for the 1967 referendum so First Nations People could be counted in the census. He also stood up for persecuted Jews re Kristallnacht in 1938.

Frances L. Goodrich's Brown Book of Weaving Drafts Jan 02 2020 A collection of traditional eighteenth and nineteenth century weaving drafts, written sequences of the threading order on the loom used to create specific patterns. They are presented here in their original form as gathered by Frances L. Goodrich and illustrated in over 160 color photos. This volume also contains over 200 valuable modern translations of the same drafts for use by today's weavers. In 1890, Frances L. Goodrich came to the southern mountains in North Carolina from a life of culture to live and work among people who had little opportunity for education or social enrichment. Through her work for the Presbyterian Home Mission Board, she grew to love and respect these neighbors who worked so hard and had so little. She established schools, a small hospital, and the Allanstand Cottage Industries. As she traveled the mountain roads and trails on horseback, Miss Goodrich collected these precious weaving drafts from the women who wove for Allanstand Cottage Industries. In your hands is the heart of that collection.

Secrets and Lies Jul 20 2021 Barbara Russell, a young woman from a white working-class family. A ruthless Premier Bjelke-Petersen enforcing legal discrimination. What secrets lie hidden? What lies are being told? Barbara couldn't stand by and watch the feud of the people with governments and miners strip Australian Aboriginal communities of all they held dear. Not if she could help. Was she strong enough to make a difference for the people, resist the temptation of love, and stand up to her family too? In this story of secrets, lies, ideological conflict and racial discrimination laws, Barbara teams up with Mick, an Aboriginal schoolteacher. They organise remote Australian Aboriginal people to fight Bjelke and the mining companies that encroach on their land. But Bjelke has a few tricks up his sleeve and will use all in his powers in this police state to stop them. If the Aboriginal people fail, more of them will die in poverty and desperation. Can the church take on the state and win in this epic battle as the church stands with the Aboriginals to challenge racism? This historical memoir is another sizzling story in the First Nations True Stories series. With the current debate in Australia of "Voice Treaty Truth" and the worldwide issue of Black Lives Matter, this book gives many key Aboriginal people a voice and reveals the shocking truth of the hidden history of 1975 to 2021 in a near-novel like manner. Every important historical event is covered. This is one of the social justice books that you will want on your shelf. The political activism examples are not those of keyboard warriors but those of a people who took to the trenches. If you like fast-paced action, real-life heroes, and the window opened on another culture, this book is for you. If you like books with political intrigue that bring to life an interesting historical period, you'll love *Secrets and Lies*.

It is the core text for any study of meditative practice, revered for centuries for its brilliant analysis of mental states and of the process by which inner liberation is achieved. Yet its difficulties are legendary, and until now, no translation has made it fully accessible. This new translation, hailed by Yoga Journal for its "unsurpassed readability," is by one of the leading Sanskrit scholars of our time, whose Bhagavad Gita has become a recognized classic. It includes an introduction to the philosophy and psychology underlying the Yoga Sutra, the full text with explanatory commentary, and a glossary of key terms in Sanskrit and English.
