Perry's dream is to follow in his father's footsteps as a Herald Spy, but he has yet to be Chosen by a

Companion. Mags is more than happy to teach Perry all he knows. He regularly trains his children, including Perry, with tests and exercises, preparing them for the complicated and dangerous lives they will likely lead. Perry has already held positions in the Royal Palace as a runner and in the kitchen, useful places where he can learn to listen and collect information. But there is growing rural unrest in a community on the border of Valdemar. A report filled with tales of strange disappearances and missing peddlers is sent to Haven by a Herald from the Pelagirs. To let Perry experience life away from home and out in the world, Mags proposes that his son accompany him on an expedition to discover what is really going on. During their travels, Perry's Animal Mindspeech allows him to communicate with the local wildlife of the Pelagirs, whose connection to the land aids in their investigation. But the details he gleans from the creatures only deepen the mystery. Closer to the Heart Jun 24 2019 New York Times-bestselling author Mercedes Lackey's Herald Spy series, set in the beloved fantasy world of Valdemar Herald Mags, Valdemar's first official Herald Spy, is well on his way to establishing a coterie of young informants, not only on the streets of Haven, but in the kitchens and Great Halls of the highborn and wealthy as well. The newly appointed King's Own Herald, Amily, although still unsure of her own capability in that office, is doing fine work to support the efforts of Mags, her betrothed. She has even found a way to build an army of informants herself, a group of highly trained but impoverished young noblewomen groomed to serve the highborn ladies who live at Court, to be called "The Queens's Handmaidens." And King Kyril has come up with the grand plan of turning Mags and Amily's wedding into a low-key diplomatic event that will simultaneously

entertain everyone on the Hill and allow him to negotiate behind the scenes with all the attending ambassadors—something which had not been possible at his son Prince Sedric's wedding. What could possibly go wrong? The answer, of course, is "everything." For all is not well in the neighboring Kingdom of Menmellith. The new king is a child, and a pretender to the throne has raised a rebel army. And this army is—purportedly—being supplied with arms by Valdemar. The Menmellith Regency Council threatens war. With the help of a ragtag band of their unlikely associates, Mags and Amily will have to determine the real culprit, amass the evidence to convince the Council, and prevent a war nobody wants— —and, somewhere along the way, get married.

Then she is called to Apex City, where the best Hunters are kept to protect the most important people. And those who are closest to him, and might provide secondary targets, are going along.
