When somebody should go to the books stores, search instigation by shop, shelf by shelf, it is truly problematic. This is why we present the ebook compilations in this website. It will categorically ease you to look guide The Professor Robert Bailey as you such as.

By searching the title, publisher, or authors of guide you truly want, you can discover them rapidly. In the house, workplace, or perhaps in your method can be every best place within net connections. If you goal to download and install the The Professor Robert Bailey, it is completely easy then, past currently we extend the link to buy and make bargains to download and install The Professor Robert Bailey correspondingly simple!

Need Me Sep 19 2021 From the #1 New York Times bestselling author of It Happened One Summer and Hook, Line, and Sinker comes a sexy and hilarious rom-com trilogy about three broke and beautiful roommates... When Honey Perribov traded in her cowboy boots for stilettos and left her small Kentucky town to attend Columbia University, she never expected to find a dirt-cheap apartment or two new best friends. No stranger to hard work, Honey's sole focus is a medical degree... until she sees newly-minted Professor, Ben Dawson, and her concentration is hijacked. Honey is fascinated by her gorgeous, young English professor and vows to find a crack his tweed-wearing, glasses-clad exterior. While at an off campus party, an accident lands Ben in a dark, locked closet with a sexy-sounding southern belle...and their chemistry is explosive. But when he discovers that the girl in his arms is the same beautiful college student he can't stop thinking about, he is stunned. Yet no matter how hard he tries, Ben can't stay away from Honey. And when his attempts to fight their attraction nearly ruin the best thing that ever happened to him, Ben will do anything to prove how much he needs her.

Legacies of the War on Poverty Apr 02 2020 Many believe that the War on Poverty, launched by President Johnson in 1964, ended in failure. In 2010, the official poverty rate was 15 percent, almost as high as when the War on Poverty was declared. Historical and contemporary accounts often portray the War on Poverty as a costly experiment that created doubts about the ability of public policies to address complex social problems. Legacies of the War on Poverty, drawing from fifty years of empirical evidence, documents that this popular view is too negative. The volume offers a balanced assessment of the War on Poverty that highlights some remarkable policy successes and promises to shift the national conversation on poverty in America. Featuring contributions from leading poverty researchers, Legacies of the War on Poverty demonstrates that poverty and racial discrimination would likely have been much greater today if the War on Poverty had not been launched. Chloe Gibbs, Jens Ludwig, and Douglas Miller dispel the notion that the Head Start education program does not work. While its impact on children's test scores fade, the program contributes to participants' long-term educational achievement and, importantly, their earnings growth later in life. Elizabeth Cascio and Sarah Reber show that Title I legislation reduced the school funding gap between poorer and richer states and prompted Southern school districts to desegregate, increasing educational opportunity for African Americans. The volume also examines the significant consequences of income support, housing, and health care programs. Jane Waldfogel shows that without the eras expansion of food stamps and other nutrition programs, the child poverty rate in 2010 would have been three percentage points higher. Kathleen McGarry examines the policies that contributed to a great success of the War on Poverty: the rapid decline in elderly poverty, which fell from 35 percent in 1959 to below 10 percent in 2010. Barbara Wolfe concludes that Medicaid and Community Health Centers contributed to large reductions in infant mortality and increased life expectancy. Katherine Swartz finds that Medicare and Medicaid increased access to health care among the elderly and reduced the risk that they could not afford care or that obtaining it would bankrupt them and their families. Legacies of the War on Poverty demonstrates that well-designed government programs can reduce poverty, racial discrimination, and material hardships. This insightful volume refutes pessimism about the effects of social policies and provides new lessons about what more can be done to improve the lives of the poor.

Into the Night Aug 26 2019 After the shocking murder of a high-profile celebrity, Gemma Woodstock must pull back the layers of a gilded cage to discover who among the victim's friends and family can be trusted--and who may be the killer. Troubled and brilliant, Detective Sergeant Gemma Woodstock finds herself lost and alone after a recent move to Melbourne, brokenhearted by the decisions she's had to make. Her new workplace is a minefield and Detective Sergeant Nick Fleet, the partner she has been assigned, is uncommunicative and often hostile. When a homeless man is murdered and Gemma is put on the case, she can't help feeling a connection with the victim and his lonely, isolated existence. Then Sterling Wade, an up-and-coming actor filming his breakout performance in a closed-off city street, is murdered in the middle of an action-packed shot, and Gemma and Nick have to put aside their differences to unravel the mysteries surrounding the actor's life and death. Who could commit such a brazen crime? Who stands to profit from it? Far too many people, and none of them can be trusted. Gemma can't imagine a pair of victims with less in common--and yet as Gemma and Fleet soon learn, both men were keeping secrets that may have led to their deaths. With riveting suspense, razor-sharp writing, and a fascinating cast of characters, INTO THE NIGHT proves Sarah Bailey is a major new talent to watch in the world of literary crime fiction.

The Dark Lake (FREE PREVIEW - Prologue and First Five Chapters) Jul 06 2020 A tight-knit community is shocked by revelations from decades past in this "enthralling" (Associated Press) literary mystery that "will keep you racing toward the end" (Lisa Gardner). The lead homicide investigator in a rural town, Detective Sergeant Gemma Woodstock is deeply unnerved when a high school classmate is found strangled, her body floating in a lake. And not just any classmate, but Rosalind Ryan, whose beauty and inscrutability exerted a magnetic pull on Smithson High School, first during Rosalind's student years and then again when she returned to teach drama. As much as Rosalind's life was a mystery to Gemma when they were students together, her death presents even more of a puzzle. What made Rosalind quit her teaching job in Sydney and return to her hometown? Why did she live in a small, run-down apartment when her father was one of the town's richest men? And despite her many admirers, did anyone in the town truly know her? Rosalind's enigmas frustrate and obsess Gemma, who has her own dangerous secrets--an affair with her colleague and past tragedies that may not stay in the past. Brilliantly rendered, THE DARK LAKE has characters as compelling and mysteries as layered as the best thrillers from Gillian Flynn and Sophie Hannah.

America Aflame Nov 29 2019 In this spellbinding new history, David Goldfield offers the first major new interpretation of the Civil War era since James M. McPherson's Battle Cry of Freedom. Where past scholars have limned the war as a triumph of freedom, Goldfield sees it as America's greatest failure: the result of a breakdown caused by the infusion of evangelical religion into the public sphere. As the Second Great Awakening surged through America, political questions became matters of good and evil to be fought to the death. The price of that failure was horrific, but the carnage accomplished what statesmen could not: It made the United States one nation and eliminated slavery as a divisive force in the Union. The victorious North became synonymous with America as a land of innovation and industrialization, whose teeming cities offered squalor and opportunity in equal measure. Religion was supplanted by science and a gospel of progress, and the South was left behind. Goldfield's panoramic narrative, sweeping from the 1840s to the end of Reconstruction, is studied with memorable details and luminaries such as Harriet Beecher Stowe, Frederick Douglass, and Walt Whitman. There are lesser known yet equally compelling characters, too, including Carl Schurz--a German immigrant, warhero, and postwar reformer--and Alexander Stephens, the urbane and intellectual vice president of the Confederacy. America Aflame is a vivid portrait of the "fiery trial" that transformed the country we live in.

[The Final Reckoning](#) Apr 26 2022 His last challenge: live long enough to save the lives of those he loves. Cold-blooded killer Jim Bone Wheeler blames Tom McMurtrie for putting him on death row. He once vowed that he'd bring "a reckoning" on Tom and everyone the southern lawyer holds dear. When Wheeler escapes from prison, he aims to fulfill his promise. Victim by victim, he's getting closer to his ultimate target. But for Tom, who's dying of cancer, the role of savior and protector is a struggle that is becoming more desperate by the hour. As the body count mounts, Tom, his partner, Rick Drake, and his best friend, Bocephus Haynes, brace for a confrontation like nothing they have ever faced before. This battle will be waged not in a courthouse but on the streets and fields of north Alabama. With all that those he loves at risk, Tom must save his family, his friends, and his legacy from a killer whose hunger for retribution knows no bounds. Now, as time ticks down and fate and vengeance close in, who will survive Wheeler's final reckoning?

Bailey & Love's Short Practice of Surgery Nov 21 2021 Bailey & Love's Short Practice of Surgery remains one of the world's pre-eminent medical textbooks, beloved by generations of surgeons, with lifetime sales in excess of one million copies. Now in its 25th edition, the content has been thoroughly revised and updated while retaining its traditional strengths. Under the stewardship of the eminent editorial team, comprising two editors with experience gained over previous editions and a third editor new to this edition, and in response to reader feedback, the content has been sub-divided into parts to ensure a logical sequence and grouping of related chapters throughout while the text features enthusiastically received in the last edition have been retained. The new edition opens with sections devoted to the underlying principles of surgical practice, investigation and diagnosis, and pre-operative care. These are followed by chapters covering all aspects of surgical trauma. The remainder of the book considers each of the surgical specialties in turn, from elective orthopaedics through skin, head and neck, breast and endocrine, cardiothoracic and vascular, to abdominal and genitourinary. Key features: Authoritative: emphasises the importance of effective clinical examination and soundly based surgical principles, while taking into account the latest developments in surgical practice. Updated: incorporates new chapters on a wide variety of topics including metabolic response to injury, shock and blood transfusion, and surgery in the tropics. Easy to navigate: related chapters brought together into clearly differentiated sections for the first time. Readable: preserves the clear, direct writing style, uncluttered by technical jargon, that has proved so popular in previous editions. User-friendly: numerous photographs and explanatory line diagrams, learning objectives, summary boxes, biographical footnotes, memorable anecdotes and full-colour presentation supplement and enhance the text throughout. Bailey and Love has a wide appeal to all those studying surgery, from undergraduate medical students to those in preparation for their postgraduate surgical examinations. In addition, its high standing and reputation for unambiguous advice also make it the first point of reference for many practising surgeons. The changes that have been introduced to the 25th edition will only serve to strengthen support for the text among all these groups.

Presumed Innocent Aug 19 2021 Rusty Sabich, a prosecuting attorney investigating the murder of Carolyn Polhemus, his former lover and a prominent member of his boss's staff, finds himself accused of the crime

[The Last Trial](#) Mar 26 2022 Former law professor Tom McMurtrie has brought killers to justice, and taken on some of the most infamous cases in Alabama's history. Now he's tackling his greatest challenge. McMurtrie's old nemesis, Jack Willistone, is found dead on the banks of the Black Warrior River. Willistone had his share of enemies, but all evidence points to a forgotten, broken woman as the killer. At the urging of the suspect's desperate fourteen-year-old daughter, McMurtrie agrees to take the case. But as seasoned as McMurtrie is, even he isn't prepared for how personal and dangerous this case is going to get. With the trial drawing near and his sharp young partner, Rick Drake, dealing with a family tragedy, he recruits his best friend, Bocephus Haynes, to help investigate. As key witnesses disappear and old demons return, time becomes McMurtrie's most fearsome opponent. Soon loyalties will be tested and the boundaries of law will be broken as McMurtrie fights to save his legacy--and his client's life--before the truth is buried forever in the muddy waters of the Black Warrior.

[The Incredible Winston Browne](#) Jul 26 2019 Beloved writer Sean Dietrich[also known as Sean of the South]will warm your heart with this rich and nostalgic tale of a small-town sheriff, a mysterious little girl, and a good-hearted community pulling together to help her. Folks in Moab live for ice cream sodas, baseball, and the local paper's weekly gossip column. Sheriff Winston Browne has watched over Moab with a generous eye for a decade, and by now he's used to handling the daily dramas that keep life interesting for Moab's quirky residents. But just after Winston receives some terrible, life-altering news, a seemingly mute runaway with no clear origin arrives in Moab. The residents do what they believe is right and take her in until two suspicious strangers arrive and begin looking for her. Suddenly Winston has a child in desperate need of protection's well as a secret of his own to keep. With the help of Moab's goodhearted townsfolk, the humble and well-meaning Winston Browne still has some heroic things to do. He finds romance, family, and love in unexpected places. He stumbles upon adventure, searches his soul, and grapples with the past. In doing so, he just might discover what a life well-lived truly looks like. Sometimes ordinary people do the most extraordinary things of all. Praise for The Incredible Winston Browne: [Sean Dietrich has written a home run of a novel with The Incredible Winston Browne. Every bit as wonderful as its title implies, it's the story of Brownella principled, baseball-loving sheriff's precocious little girl in need of help, and the community that rallies around them. This warm, witty, tender novel celebrates the power of friendship and family to transform our lives. It left me nostalgic and hopeful, missing my grandfathers, and eager for baseball season to start again. I loved it.] [Ariel Lawton, New York Times bestselling author of I Was Anastasia] [Make no mistake, [The Incredible Winston Browne] is a classic story, told by an expert storyteller.] [Shawn Smucker, author of Light from Distant Stars, Stand-alone historical novel set in the 1950s Includes discussion questions for book clubs Also from Sean Dietrich: Stars of Alabama

Robert E. Lee Dec 11 2020 A WALL STREET JOURNAL BEST BOOK OF THE YEAR [From the award-winning historian and best-selling author of Gettysburg comes the definitive biography of Robert E. Lee. An intimate look at the Confederate general in all his complexity/his hypocrisy and courage, his inner turmoil and outward calm, his disloyalty and his honor. "An important contribution to reconciling the myths with the facts." [New York Times Book Review] Robert E. Lee is one of the most confounding figures in American history. Lee betrayed his nation in order to defend his home state and uphold the slave system he claimed to oppose. He was a traitor to the country he swore to serve as an Army officer, and yet he was admired even by his enemies for his composure and leadership. He considered slavery immoral, but benefited from inherited slaves and fought to defend the institution. And behind his genteel demeanor and perfectionism lurked the insecurities of a man haunted by the legacy of a father who stained the family name by declaring bankruptcy and who disappeared when Robert was just six years old. In Robert E. Lee, the award-winning historian Allen Guelzo has written the definitive biography of the general, following him from his refined upbringing in Virginia high society, to his long career in the U.S. Army, his agonized decision to side with Virginia when it seceded from the Union, and his leadership during the Civil War. Above all, Guelzo captures Robert E. Lee in all his complexity--his hypocrisy and courage, his outward calm and inner turmoil, his honor and his disloyalty.

The Weeping Time Jun 16 2021 In 1859, at the largest recorded slave auction in American history, over 400 men, women, and children were sold by the Butler Plantation estates. This book is one of the first to analyze the operation of this auction and trace the lives of slaves before, during, and after their sale. Immersing herself in the personal papers of the Butlers, accounts from journalists that witnessed the auction, genealogical records, and oral histories, Anne C. Bailey weaves together a narrative that brings the auction to life. Demonstrating the resilience of African American families, she includes interviews from the living descendants of slaves sold on the auction block, showing how the memories of slavery have shaped people's lives today. Using the auction as the focal point, The Weeping Time is a compelling and nuanced narrative of one of the most pivotal eras in American history, and how its legacy persists today.

[The Verdict](#) Jan 30 2020 Terry Flynt is a struggling legal clerk, desperately trying to get promoted. And then he is given the biggest opportunity of his career: to help defend a millionaire accused of murdering a woman in his hotel suite. The only problem is that the accused man, Vernon James, turns out to be not only someone he knows, but someone he loathes. This case could potentially make Terry's career, but how can he defend a former friend who betrayed him so badly?With the trial date looming, Terry delves deeper into Vernon's life and is forced to confront secrets from their shared past that could have devastating consequences for them both. For years he has wanted to witness Vernon's downfall, but with so much at stake, how can Terry be sure that he is guilty? And what choices must he make to ensure that justice is done?

Tuskegee in Philadelphia Sep 27 2019 The uplifting story of the African American Philadelphia unit who joined the prestigious WWII unit to serve as fighter pilots, nurses, mechanics, and more. At the outbreak of World War II, Philadelphia's heeded the call, including the valiant airmen and women of Tuskegee. Although trained in Alabama, the prestigious unit comprised dozens of Philadelphia-area natives, second only to Chicago in the country. They served as fighter pilots, bombers, nurses, and mechanics, as well as in many other support roles. The African American service members had to overcome racism and sexism on the home front in order to serve with great distinction. Their battle for equality didn't end at the war's conclusion. Tuskegee alumni continued to serve their nation by working to secure civil rights and serve their community back home in Philadelphia. In this book, historian Robert Kodosky presents the trials and triumphs of Philadelphia's Tuskegee airmen and women. Includes photographs

Deliberating American Monetary Policy Nov 09 2020 A systematic analysis of Federal Reserve and congressional deliberations on monetary policy, drawing on textual analysis software and in-depth interviews with participants. American monetary policy is formulated by the Federal Reserve and overseen by Congress. Both policy making and oversight are deliberative processes, although the effect of this deliberation has been difficult to quantify. In this book, Cheryl Schonhardt-Bailey provides a systematic examination of deliberation on monetary policy from 1976 to 2008 by the Federal Reserve's Open Market Committee (FOMC) and House and Senate banking committees. Her innovative account employs automated textual analysis software to study the verbatim transcripts of FOMC meetings and congressional hearings; these empirical data are supplemented and supported by in-depth interviews with participants in these deliberations. The automated textual analysis measures the characteristic words, phrases, and arguments of committee members; the interviews offer a way to gauge the extent to which the empirical findings accord with the participants' personal experiences. Analyzing why and under what conditions deliberation matters for monetary policy, the author identifies several strategies of persuasion used by FOMC members, including Paul Volcker's emphasis on policy credibility and efforts to influence economic expectations. Members of Congress,

however, constrained by political considerations, show a relative passivity on the details of monetary policy.

Lydia Bailey Jan 12 2021 "Explores the life and work of Lydia Bailey, a leading printer in the book trade in Philadelphia from 1808 to 1861. Includes a list of almost nine hundred of her known imprints"—Provided by publisher.

Art & Language International Dec 23 2021 In Art & Language International Robert Bailey reconstructs the history of the conceptual art collective Art & Language, situating it in a geographical context to rethink its implications for the broader histories of contemporary art. Focusing on its international collaborations with dozens of artists and critics in and outside the collective between 1969 and 1977, Bailey positions Art & Language at the center of a historical shift from Euro-American modernism to a global contemporary art. He documents the collective's growth and reach, from transatlantic discussions on the nature of conceptual art and the establishment of distinct working groups in New York and England to the collective's later work in Australia, New Zealand, and Yugoslavia. Bailey also details its publications, associations with political organizations, and the internal power struggles that precipitated its breakdown. Analyzing a wide range of artworks, texts, music, and films, he reveals how Art & Language navigated between art worlds to shape the international profile of conceptual art. Above all, Bailey underscores how the group's rigorous and interdisciplinary work provides a gateway to understanding how conceptual art operates as a mode of thinking that exceeds the visual to shape the philosophical, historical, and political.

The Professor Oct 01 2022 A retired Professor of Law who hasn't tried a real case in forty years teams up with a former student who's yet to trial a case at all, in order to clear both of their names... The Professor introduces Thomas Jackson McMurtrie, a longtime law professor at the University of Alabama, who, 40 years after giving up a promising career as a trial lawyer to teach law students at the request of his mentor, Coach Paul "Bear" Bryant, retires to his farm an angry and bitter man, betrayed by both a Board member he mistook for a friend and his own failing health. Meanwhile, the young family of one of Tom's oldest friends is killed in a tragic collision with an 18-wheeler. Believing his career is over, Tom refers his friend to a brilliant, yet beleaguered, former student, Rick Drake, who begins to uncover that the truth behind the tragedy is buried in a tangled web of arson, bribery and greed. When a key witness is murdered on the eve of trial, the young attorney, in over his head and at the end of his rope, knows he needs help...and there's only one man who can help him. The Professor is the first in a series of tense legal thrillers featuring the unusual and compelling legal team of McMurtrie & Drake, combining the thrills and authenticity of a John Grisham novel for the audience that flocked to Friday Night Lights. From the Trade Paperback edition.

Why Didn't We Riot? Oct 09 2020 In these impassioned, powerful essays, an award-winning journalist deals forthrightly with what it means to be Black in Trump's America. South Carolina-based journalist Issac J. Bailey reflects on a wide range of complex, divisive topics from police brutality and Confederate symbols to respectability politics and white discomfort which have taken on a fresh urgency with the protest movement sparked by George Floyd's killing. Bailey has been honing his views on these issues for the past quarter of a century in his professional and private life, which included an eighteen-year stint as a member of a mostly white Evangelical Christian church. Why Didn't We Riot? speaks to and for the millions of Black and Brown people throughout the United States who were effectively pushed back to the back of the bus in the Trump era by a media that prioritized the concerns and feelings of the white working class and an administration that made white supremacists giddy, and explains why the country's fate in 2020 and beyond is largely in their hands. It will be an invaluable resource for the everyday reader, as well as political analysts, college professors and students, and political consultants and campaigns vying for high office.

One and Five Ideas Jul 18 2021 In One and Five Ideas eminent critic, historian, and former member of the Art & Language collective Terry Smith explores the artistic, philosophical, political, and geographical dimensions of Conceptual Art and conceptualism. These four essays and a conversation with Mary Kelly published between 1974 and 2012 contain Smith's most essential work on Conceptual Art and his argument that conceptualism was key to the historical transition from modern to contemporary art. Nothing less than a distinctive theory of Conceptual and contemporary art, One and Five Ideas showcases the critical voice of one of the major art theorists of our time.

Gay Politics, Urban Politics Jan 24 2022 In 1846 a small book entitled Poems by Currer, Ellis and Acton Bell appeared on the British literary scene. The three pseudonymous poets, the Brontë sisters went on to unprecedented success with such novels as Wuthering Heights, Agnes Grey, and Jane Eyre, all published in the following year. As children, these English sisters had begun writing poems and stories about an imaginary country named Gondal, yet they never sought to publish any of their work until Charlotte's discovery of Emily's more mature poems in the autumn of 1845. Charlotte later recalled: "I accidentally lighted on a MS. volume of verse in my sister Emily's handwriting...I looked it over, and something more than surprise seized me -- a deep conviction that these were not common effusions, nor at all like the poetry women generally write. I thought them condensed and terse, vigorous and genuine. To my ear they had also a peculiar music -- wild, melancholy, and elevating." The renowned Hatfield edition of The Complete Poems of Emily Jane Brontë includes the poetry that captivated Charlotte Brontë a century and a half ago, a body of work that continues to resonate today. This incomparable volume includes Emily's verse from Poems by Currer, Ellis and Acton Bell as well as 200 works collected from various manuscript sources after her death in 1848. Some were deleted and preserved by Charlotte and Arthur Bell Nichols; still others were discovered years later by Brontë scholars. Originally released in 1923, Hatfield's collection was the result of a remarkable attempt over twenty years to isolate Emily's poems from her sisters' and to achieve chronological order. Accompanied by an interpretive preface on "The Gondal Story" by Miss Fannie E. Ratchford, author of The Brontë's Web of Childhood, the edition is the definitive collection of Emily Brontë's poetical works.

Cheever Dec 31 2019 John Cheever spent much of his career impersonating a perfect suburban gentleman, the better to become one of the foremost chroniclers of postwar America. Written with unprecedented access to essential sources including Cheever's massive journal, only a fraction of which has ever been published! Bailey's Cheever is a stunning example of the biographer's art and a brilliant tribute to an essential author.

The Professor Aug 31 2022 Thomas Jackson McMurtrie is a living legend scorned. Forty years ago, he gave up a promising career as a trial lawyer to become a law professor at the University of Alabama at the request of his mentor, Alabama football Coach, Paul "Bear" Bryant. Now Tom is forced into retirement, betrayed by both a powerful colleague and his own failing health. Meanwhile the young family of one of his oldest friends is killed in a tragic road collision. Believing his career is over, Tom refers the case to a brilliant, yet beleaguered, former student, who begins to uncover the truth behind the tragedy, buried in a tangled web of arson, bribery and greed. But as the eve of trial approaches, the young attorney's case begins to unravel. In over his head and at the end of his rope, he realizes there's only one man who can help...

Internet Economics Jun 04 2020 The Internet has rapidly become an important element of the economic system. The lack of accepted metrics for economic analysis of Internet transactions is therefore increasingly problematic. This book, one of the first to bring together research on Internet engineering and economics, attempts to establish such metrics. The chapters, which developed out of a 1995 workshop held at MIT, include architectural models and analyses of Internet usage, as well as alternative pricing policies. The book is organized into six sections: 1) Introduction to Internet Economics, 2) The Economics of the Internet, 3) Interconnection and Multicast Economics, 4) Usage Sensitive Pricing, 5) Internet Commerce, and 6) Internet Economics and Policy. Contributors Loretta Anania, Joseph P. Bailey, Nevil Brownlee, David Carver, David Clark, David W. Crawford, Kati Danielson, Deborah Estrin, Branko Gerovac, David Gingold, Jiong Gong, Alok Gupta, Shai Herzog, Clark Johnson, Martyn M. Halgren, Frank P. Kelly, Charlie Lai, Alan K. McAdams, Jeffrey K. MacKie-Mason, Lee W. McKnight, Gennady Medvinsky, Liam Murphy, John Murphy, B. Clifford Neuman, Jon M. Peña, Joseph Reagle, Mithabaran Sarkar, Scott Shenker, Marvin A. Sirbu, Richard Jay Solomon, Padmanabhan Srinagesh, Dale O. Stahl, Hal R. Varian, Qiong Wang, Martin Weiss, Andrew B. Whinston

Performance Tuning of Scientific Applications Mar 02 2020 Performance Tuning of Scientific Applications presents current research in performance analysis. The book focuses on the following areas. Performance monitoring: Describes the state of the art in hardware and software tools that are commonly used for monitoring and measuring performance and managing large quantities of data. Performance analysis: Discusses modern approaches to computer performance benchmarking and presents results that offer valuable insight into these studies. Performance modeling: Explains how researchers deduce accurate performance models from raw performance data or from other high-level characteristics of a scientific computation. Automatic performance tuning: Explores ongoing research into automatic and semi-automatic techniques for optimizing computer programs to achieve superior performance on any computer platform. Application tuning: Provides examples that show how the appropriate analysis of performance and some default changes have resulted in extremely high performance. Performance analysis has grown into a full-fledged, sophisticated field of empirical science. Describing useful research in modern performance science and engineering, this book helps real-world users of parallel computer systems to better understand both the performance vagaries arising in scientific applications and the practical means for improving performance. Read about the book on HPCwire and insideHPC

Structural Geology Sep 07 2020 This state-of-the-art text offers students balanced coverage of the full range of topics, supported by a wealth of outstanding illustrations and photographs. The text opens with an overview of basic geologic principles that paves the way for a better understanding of structural geology. The topics of stress and strain, deformation mechanisms, and strain measurement provide a foundation upon which the text's remaining coverage is built. Self-contained chapters meet instructor's individual needs. A brief introduction to geophysical techniques, principally seismic reflection and refraction, Earth magnetism, and gravity, enhances a better understanding of crustal structures. This latest edition has been revised for greater clarity and to incorporate the most current technical information possible. *Provides balanced coverage of all topics, supported by numerous illustrations and photographs. *An introductory review of fundamental geologic principles and laws, geochronology, and principles of equilibrium gives students a strong foundation and prepares them for subsequent topics. *Essays in each chapter encourage further study in key subjects. Each chapter offers a short section on an ad

Gang Leader for a Day Oct 21 2021 A New York Times Bestseller "A rich portrait of the urban poor, drawn not from statistics but from vivid tales of their lives and his, and how they intertwined." [The Economist] "A sensitive, sympathetic, unpatronizing portrayal of lives that are usually ignored or lumped into ill-defined stereotypes." [Financial Times Foreword by Stephen J. Dubner, coauthor of Freakonomics] When first-year graduate student Sudhir Venkatesh walked into an abandoned building in one of Chicago's most notorious housing projects, he hoped to find a few people willing to take a multiple-choice survey on urban poverty--and impress his professors with his boldness. He never imagined that as a result of this assignment he would befriend a gang leader named JT and spend the better part of a decade embedded inside the projects under JT's protection. From a privileged position of unprecedented access, Venkatesh observed JT and the rest of his gang as they operated their crack-selling business, made peace with their neighbors, evaded the law, and rose up or fell within the ranks of the gang's complex hierarchical structure. Examining the morally ambiguous, highly intricate, and often corrupt struggle to survive in an urban war zone, Gang Leader for a Day also tells the story of the complicated friendship that develops between Venkatesh and JT--two young and ambitious men a universe apart. Sudhir Venkatesh's latest book Floating City: A Rogue Sociologist Lost and Found in New York's Underground Economy is a memoir of sociological investigation revealing the true face of America's most diverse city as also published by Penguin Press.

Structural Alloys for Nuclear Energy Applications Mar 14 2021 High-performance alloys that can withstand operation in hazardous nuclear environments are critical to present-day in-service reactor support and maintenance and are foundational for reactor concepts of the future. With commercial nuclear energy vendors and operators facing the retirement of staff during the coming decades, much of the scholarly knowledge of nuclear materials pursuant to appropriate, impactful, and safe usage is at risk. Led by the multi-award winning editorial team of G. Robert Odette (UCSB) and Steven J. Zinkle (UTK/ORNL) and with contributions from leaders of each alloy discipline, Structural Alloys for Nuclear Energy Applications adds the next generation of researchers and industry staff developing and maintaining steels, nickel-base alloys, zirconium alloys, and other structural alloys in nuclear energy applications. This authoritative reference is a critical acquisition for institutions and individuals seeking state-of-the-art knowledge aided by the editors' unique personal insight from decades of frontline research, engineering and management. Focuses on in-service irradiation, thermal, mechanical, and chemical performance capabilities. Covers the use of steels and other structural alloys in current fission technology, leading edge Generation-IV fission reactors, and future fusion power reactors. Provides a critical and comprehensive review of the state-of-the-art experimental knowledge base of reactor materials, for applications ranging from engineering safety and lifetime assessments to supporting the development of advanced computational models.

The Golfer's Carol May 28 2022 An inspirational and heartwarming novel for lovers of Mitch Albom and Andy Andrews, blending elements of It's a Wonderful Life and Field of Dreams into a moving story all its own. Four rounds. Four heroes. Four life-changing lessons. On the morning of his fortieth birthday, Randy Clark believes the only way he can help his family is to end it all. Standing on the Tennessee River Bridge in Decatur, Alabama, with his dreams of a pro golf career long gone, his marriage struggling, and facing financial ruin, Randy sees no other alternative to help his wife and daughter but to jump, which he plans to do in the next twenty-four hours. But his plans are put on hold when the ghost of his best friend—who did live out the fantasy of playing the PGA tour—reveals to Randy that he will be given a wonderful gift: four rounds of golf with his four heroes, the champions he's looked up to his whole life, each with a life-changing lesson to impart. For anyone who has ever dealt with tragedy, adversity, or failure, The Golfer's Carol will bring grace that stays with you long after you've turned the last page.

Rick Blood May 04 2020 From Wall Street Journal bestselling author Robert Bailey comes a compelling legal thriller about a lawyer who takes on his sister's case—and confronts small-town secrets and family skeletons. Attorney Jason Rich has made a fortune off other people's bad luck. His billboard slogan—"In an accident? Get Rich!"—accosts motorists on highways from Alabama to Florida. As ambulance chasers go, he's exceptional. But after a recent divorce and a stint in rehab, Jason has hit a rough patch. And things only get worse when his sister, Jana, is accused of her husband's murder. Even though Jason has no experience trying criminal cases, Jana begs him to represent her. Jason has mixed feelings about returning to Lake Gunterville, Alabama—and even more reservations about diving back into his sister's life. Between the drugs, the affairs, and a tendency to gaslight everyone in her inner circle, Jana has plenty of enemies in town. But did Jana hire someone to kill her husband? Jason isn't so sure. He heads back to his hometown to unravel the truth and face off against opponents old and new.

The Sporting House Killing Oct 28 2019 A travesty of justice cost an innocent young man's life. He can't let it happen again... Waco, Texas, 1894. It's a bustling cotton and railroad town with four colleges and thirty-five churches, but it's also a place where twice that many brothels flourish in a legalized red-light district known as the Reservation. Late one night at Miss Jessie's sporting house, a gunshot brings the horrified madam and her bouncer running, only to discover the apparent shooter passed out cold on the floor, naked, with a blood-stained derring in inches away and the victim lifeless on the bed. When his old war buddy begs Catfish Calloway to defend his accused youngster, Catfish is reluctant. He has never forgiven himself for losing his last murder case. Rattled by that courtroom failure and the death of his elder son, the seasoned lawyer worries he's lost his touch. But he can't refuse his friend. With a short list of suspects and little hard evidence, Calloway realizes he's the only one who believes his client. And with powerful city leaders eager to make an example of the accused, he's terrified he'll let his friend down, and another innocent person will swing. Can Calloway outdistance his own mistakes in time to save his client from the gallows? The Sporting House Killing is the first book in the gripping Catfish Calloway for the Defense legal thriller series. If you like courtroom drama, captivating characters, and rich historical backdrops, you'll love G. Reading Powell's tale.

Possession Apr 14 2021 Hailed by The New York Times Book Review as "a gifted observer, able to discern the exact details that bring whole worlds into being" and "a storyteller who could keep a sultan on the edge of his throne for a thousand and one nights," A. S. Byatt writes some of the most engaging and skillful novels of our time. Time magazine calls her "a novelist of dazzling inventiveness." Possession, for which Byatt won England's prestigious Booker Prize, was praised by critics on both sides of the Atlantic when it was first published in 1990. "On academic rivalry and obsession, Byatt is delicious. On the nature of possession [the lover by the beloved, the biographer by his subject] is profound," said The Sunday Times (London). The New Yorker dubbed it "more fun to read than The Name of the Rose... Its prankish verve [and] monstrous richness of detail [make for] a one-woman variety show of literary styles and types." The novel traces a pair of young academics—Roland Michell and Maud Bailey—as they uncover a clandestine love affair between two long-dead Victorian poets. Intertwoven in a mesmerizing pastiche are love letters and fairytales, extracts from biographies and scholarly accounts, creating a sensuous and utterly delightful novel of ideas and passions. With an Introduction by the author that describes the novel's origins and its twenty-year gestation, this Modern Library edition is a handsome keepsake for fans of Possession! New and old alike.

Dead In Red Jun 24 2019 A sparkling red shoe and a bloody handprint define a man's death. Sometimes it seems like murder and mayhem follow Jeff Resnick, challenging his psychic "sixth sense" to solve crimes. Since the vicious mugging that changed his life, he's tried to keep his unwanted gift in check. But when a bartender at his favorite watering hole is murdered, visions of a sparkling red woman's high-heeled shoe and a pair of bloody hands linger in his mind—and hit too close to home. When Jeff's older brother, Richard, last helped him with an investigation, it nearly cost him his life. Still, Richard is determined to tag along as Jeff is drawn into the seamy world of fetishes and drag queens to find a murderer before another life is taken.

The Wrong Side Jun 28 2022 A battle-worn lawyer fights for a young man's life in this criminally enthralling legal thriller. Teen pop star Brittany Crutcher is found dead in small-town Tennessee. For attorney Bocephus Haynes, it's just another night in Pulaski. Bo swore off criminal work after his last case, but the beloved singer's murder demands answers. The prime suspect is local high school football hero and the victim's boyfriend, Odell Champagne. However, this fallen athlete is one of Bo's son's best friends. Bo knows this young man and does not believe him capable of the crime. When Odell is charged with murder, Bo reluctantly takes the case, sparking outrage throughout the town. But as Bo follows the evidence, he learns that the victim made decisions in her last hours that would give powerful forces motive to harm her. Feeling mounting pressure from the community and the DA, Bo forges ahead. But as the seconds count down, he wonders whether justice is even possible.

Legacy of Lies Jul 30 2022 A small-town attorney takes on prejudice and corruption in this powerful legal thriller. Small-town lawyer Bocephus Haynes comes home late one night to find District Attorney General Helen Lewis waiting for him. Her ex-husband has just been killed. She's about to be arrested for his murder. And she wants Bo to represent her. There's a lot working against them. Just before his death, Helen's ex-husband threatened to reveal a dark secret from her past. Bo has been in a talspin since his wife's death. What's more, his whole life has been defined by a crime committed against his family, and he continues to face prejudice as the only African American litigator in Pulaski, Tennessee. Bo's back is against the wall, and Helen resigns herself to a dismal fate—but a stunning discovery throws everything into chaos. There's a chance for justice, but to achieve it, the cost might be too much for Bo to bear.

The Professor Nov 02 2022 Law professor Thomas Jackson McMurtrie literally wrote the book on evidence in the state of Alabama. But when a power-hungry colleague uses a recent run-in between McMurtrie and headstrong student Rick Drake to end his career, he is left unsure what to do next. Meanwhile, a devastating trucking accident in Henshaw, Alabama, leaves a young family dead. Drake, now a fledgling lawyer, takes the case against the freight carrier and soon begins to uncover the truth behind the tragedy that is buried in a tangled web of arson, bribery, and greed. On the eve of the trial and with his case unraveling in the midst of a dangerous cover-up that threatens to silence his star witnesses, Drake realizes that only his estranged mentor, Professor McMurtrie, can help him now. With everything to lose and only justice to gain, will McMurtrie and Drake overcome bad blood to defeat a ruthless adversary? Can the Professor turn back the clock and recover all that he's lost?

Heritage and Debt May 16 2021 How global contemporary art reanimates the past as a resource for the present, combating modern art's legacy of Eurocentrism. If European modernism was premised on the new, how is the past, often by

assigning it to the [traditional] societies of the Global South[global contemporary art reanimates the past as a resource for the present. In this account of what globalization means for contemporary art, David Joselit argues that the creative use of tradition by artists from around the world serves as a means of combatting modern art's legacy of Eurocentrism. Modernism claimed to live in the future and relegated the rest of the world to the past. Global contemporary art shatters this myth by reactivating various forms of heritage[from literati ink painting in China to Aboriginal painting in Australia]in order to propose new and different futures. Joselit analyzes not only how heritage becomes contemporary through the practice of individual artists but also how a cultural infrastructure of museums, biennials, and art fairs worldwide has emerged as a means of generating economic value, attracting capital and tourist dollars. Joselit traces three distinct forms of modernism that developed outside the West, in opposition to Euro-American modernism: postcolonial, socialist realism, and the underground. He argues that these modern genealogies are synchronized with one another and with Western modernism to produce global contemporary art. Joselit discusses curation and what he terms [the curatorial episteme.] which, through its acts of framing or curating, can become a means of recalibrating hierarchies of knowledge[and can contribute to the dual projects of decolonization and deimperialization.
