Twilight Apr 02 2020 For years UN peacekeepers have been deployed to war-torn regions of the world from Rwanda to Serbia and Congo to East Timor. Now it's America's turn. Samuel Simpson is a young, idealistic journalist from Canada. Seeking adventure, he volunteers to become a records keeper for a UN war-crimes investigation team at work in upper New York State. Months earlier, a crippling terrorist attack against the United States resulted in its cities being emptied, its countryside set afire, and its government shaken to its knees. In the aftermath of this attack, a virtual civil war broke out, until UN peacekeepers arrived to establish an uneasy peace. While Samuel and his team travel through the New York countryside, searching for evidence of an atrocious war crime, he promptly realizes that death is quick to strike from any farmhouse, road corner, or rest area. Even more chillingly, he begins to suspect that there is a traitor in his team, trying not only to conceal important evidence, but working to betray and kill them all, including the woman he loves. Award-winning author Brendan DuBois paints a disturbing and poignant portrait in this smart, fast-paced thriller, *Twilight*.

Toyota Land Cruiser Feb 22 2022 The first Land Cruiser appeared at about the same time as the Land-Rover. Styling changes occurred in 1952 with the modern range designated F25s and F28s. The FJ43 appeared in the mid-1960s, the 40 and 45 Series in Australia in 1967/8. The FJ55 was introduced in 1969, the 43 series continued to be made in Japan and the 40 and 45 Series had improvements made throughout the 1970s. Production of the FJ55 ceased in 1980 to be followed by the Series 60. This was only available with an inline, six-cylinder engine of 3980cc. A generous five-seater, and good load carrier, there were few changes made to it after production commenced. This is a book of contemporary road & comparison tests, new model introductions, technical & specification data, driving impressions, of road tests, long-term reports, buying second hand. Models covered include:- FWD Pick-up, Station Wagon, LX, De Luxe, Diesel.

Notes from Toyota-land Apr 26 2022 In 1996, Darius Mehri traveled to

Japan to work as a computer simulation engineer within the Toyota production system. Once there, he found a corporate experience far different from what he had expected. Notes from Toyota-land, based on a diary that Mehri kept during his three years at an upper-level Toyota group company, provides a unique insider's perspective on daily work life in Japan and charts his transformation from a wide-eyed engineer eager to be part of the "Japanese Miracle" to a social critic, troubled by Japanese corporate practices. Mehri documents the sophisticated "culture of rules" and organizational structure that combine to create a profound control over workers. The work group is cynically used to encourage employees to work harder and harder, he found, and his other discoveries confirmed his doubts about the working conditions under the Japanese Miracle. For example, he learned that male employees treated their female counterparts as short-term employees, cheap labor, and potential wives. Mehri also describes a surprisingly unhealthy work environment, a high rate of injuries due to inadequate training, fast line speeds, crowded factories, racism, and lack of team support. And in conversations with his colleagues, he uncovered a culture of intimidation, subservience, and vexed relationships with many aspects of their work and surroundings. As both an engaging memoir of cross-cultural misunderstanding and a primer on Japanese business and industrial practices, Notes from Toyota-land will be a revelation to everyone who believes that Japanese business practices are an ideal against which to measure success.

Incidents at Whiterock and Other Stories Jul 18 2021 Book Description: In the northwest corner of Nevada, the high desert has laid its claim on people of the land since long before the native Americans who made their home around Pyramid Lake. Legends and myths surround the Black Rock country as vaguely as the winter mists creeping in from the mountains. It is a land of cattle and mining and sheep. In the middle of the twentieth century horses gave way to Toyota Land Cruisers and war surplus Jeeps, and the Basque and Portuguese shepherds moved great flocks of sheep for hundreds of miles. The dogs who were both labor and companions got used to the sound of engines. There were few towns and many lonely ranches. This is a story about one such town and the events which reshaped its life. Author Bio: Jack Poole pursues writing as a second career. He was raised in Michigan, graduated from DePauw University in Indiana, and enjoyed a 31 year engineering administration career in California. Mr. Poole lives and works in Nine Mile Falls, Washington, where his cat, Charlie, is a constant critic.

Turdhead Jan 30 2020 Turdhead: The Fourth Notch is, most definitely, a spy novel. Dr. Bill William's challenging childhood is a link connecting Bill to a twisted journey that eventually joins the clandestine path of espionage. Bill learned very early to duck and cover in avoiding the swinging arms of his angry father but Bill remains resistant to describe himself as an abused child. Bill maintains that his dad was a good provider, didn't drink excessively and was very much the same as his buddies' dads-oil field roughnecks and rodeos. Both of bill's parents died, one month apart, when Bill was ten years old. Cancer swiftly took both and Bill's dad sucked on his Old Gold cigarettes to his last wet, rasping breath. At ten years old as Bill became a planner and observer. He knew his life was over in the small town of Duncan, Oklahoma, but his ten year old logic had a plan; hide out as long as he could and, when discovered, hitch hike to California and live with Roy Rogers and Dale Evans. This was a beginning and Bill observed and planned his path through his teenage years, military, and college. Bill threw his plan book out the window when surviving the courtship of his soon-to-be wife, Alex. Very soon, unplanned teaching opportunities for couples in Saudi Arabia were considered and accepted. This, inadvertently, led to some dabbling in covert assignments and eventually a major mishap resulting in Bill's arrest in Saudi Arabia as an Israeli spy. Seven months later, Bill activated his plan to escape Saudi Arabia in an Arab dhow. After three weeks of sailing on the Red Sea, Bill approached the Sinai peninsula, was rescued by the Israeli coast guard and eventually delivered to the Mossad Director. Thus began a series of events resulting in Bill being thrust into CIA field agent training and his first assignment, back to Israel as a liaison officer at the American embassy in Tel Aviv. Bill's adventures continued in assignment to Beirut and eventually Afghanistan.

Technicals Apr 14 2021 Over the last 30 years, the 'technical' or armed pick-up truck has become arguably the most ubiquitous military land vehicle of modern warfare. Harking back to the armed Jeeps and Chevrolet trucks of the SAS and Long Range Desert Group in North Africa in World War II, the world's first insurgent technicals were those of the Sahrawi People's Liberation Army in Algeria in the late 1970s, followed by the Chadian use of technical in the so-called Toyota War against Libya. Since then, technicals have seen use in Somalia, Iraq, Afghanistan and Libya, as well as being used by Western and Russian Special Forces. Fully illustrated with commissioned artwork and providing rigorous analysis, this is the first history of how this deceptively simple fighting vehicle has been used and developed in conflicts worldwide.

Sibanda and the Rainbird Jul 26 2019 When a gruesomely vulture-mutilated corpse is found in the Park near Thunduluka Lodge, DI Jabulani Sibanda - a hard-boiled, bush-loving, instinctive crime fighter - is on the case. With Sibanda are his sidekicks: Sergeant Ncube, an overweight, digestively challenged, severally married angler and mechanical genius, and Miss Daisy, an ancient, truculent and eccentric Land Rover that is the bane of Sibanda's life and the love of Ncube's. Sibanda and Ncube pursue the investigation in the African bush following the mysterious clues they found at the crime scene: tyre tracks, a knife inscribed with the letter 'B', and a sliver of blue metallic car paint... 'Fans of Alexander McCall Smith will love Scotty Elliott's Sibanda series . . . They have the same dry humour and warmth as the No1 Ladies' Detective Agency stories, the same palpable affection for the people and the landscape, and detectives who solve crimes more by hunch and legwork than with forensics and technology' Sunday Times (SA) 'Her plot keeps readers guessing right to the end, when the monster meets a truly satisfying fate . . . Elliott's skill as a writer lies in her ability to create and flesh out characters that are so lifelike, they thrum in your head for days after finishing her books' Business Live 'Will have you hooked' The Gremlin
