Inspiring a Medico-Legal Revolution Aug 14 2021 This book marks the retirement of Professor Sheila McLean, whose contribution to the discipline of medical law has been truly ground breaking. As one of the pioneers of the discipline, Sheila McLean inspired a revolution in the ways in which lawyers, doctors, courts and patients perceive the relationship between medicine and the law. The first International Bar Association Professor of Law and Ethics in Medicine, she has worked tirelessly to champion the importance of law's role in regulating medicine and protecting patients' rights. The span in content of this book reflects the range of contributions that Professor McLean has herself

made. Her work gave direction and shape to a new field of study at a time when few questioned the authority of medicine or thought much about the plight of the patient. This collection brings together 21 leading scholars in healthcare law and ethics to honour the depth and significance of her contribution. Nellie Bly and Investigative Journalism for Kids

Jun 12 2021 A Notable Social Studies Trade Book for Young People 2016 In the late 1800s, the daring young reporter Elizabeth Cochrane—known by the pen name Nellie Bly—faked insanity so she could be committed to a mental institution and secretly report on the awful conditions there. This and other highly publicized investigative "stunts" laid the groundwork for a new kind of journalism in the early 1900s, called "muckraking," dedicated to exposing social, political, and economic ills in the United States. In *Nellie Bly and Investigative Journalism for Kids* budding reporters learn about the major figures of the muckraking era: the bold and audacious Bly, one of the most famous women in the world in her day; social reformer and photojournalist Jacob Riis; monopoly buster Ida Tarbell; antilynching crusader Ida B. Wells; and Upton Sinclair, whose classic book *The Jungle* created a public outcry

over the dangerous and unsanitary conditions of the early meatpacking industry. Young readers will also learn about more contemporary reporters, from Bob Woodward and Carl Bernstein to Amy Goodman, who have carried on the muckraking tradition, and will get excited about the ever-changing world of journalism and the power of purposeful writing. Twenty-one creative activities encourage and engage a future generation of muckrakers. Kids can make and keep a reporter's notebook; write a letter to the editor; craft a "great ideas" box; create a Jacob Riis-style photo essay; and much more. *The 7 Secrets of Motivating & Inspiring Your Team* Oct 28 2022

Inspiring the Youth of America Jun 24 2022 Here at Remington, many people are curious about this powerful book commonly known as *Inspiring the Youth of America*. Well, as you may know, our youth today in America are in dire need of mentorship and guidance. This book is a whole new step forward for all of us as a civilization. For many years, and even today, young Americans wander aimlessly in a pool of

confusion. They end up in meaningless careers with no past, no future, and nothing to hope for. Undoubtedly, the end result is misery and despair. The end result is poverty and surely a feeling of emptiness. Well, we at Remington, after interviewing over thirty thousand professionals, were surprised to find that many successful professionals were disgusted with vanity publications. They were disappointed with the meaningless dribble of a phone book-type registry that possibly required a magnifying glass just to read. But surprisingly enough, these professionals encouraged any use of their biography for humanitarian purposes. Undoubtedly, mentorship for our youth fell into that category. So there it was born. Our proudest moment as publishers was laid out before us. But there was one big problem. All these people needed to be interviewed in depth, and generic biographies certainly would not inspire. So with that, we swallowed hard, and our staff got to work. Yes, it was and still is a

grueling, time-consuming mission and undertaking. But in the end, as you may witness as you read this book, the content is quite spectacular and certainly worth the effort. We would also like to mention that the participants in this book also spent much time sending us information and encouraging us to make this book worthy of their efforts. Now it was up to us to uphold the dignity of these professionals and forge forward into a future where students can explore their lives with the ability to fulfill their own potentials. With that, this book is presented to you today, and we hope that you share in our dream to build a better America from where it really matters—our youth.
