The Line Nov 02 2022 To the uninitiated, Savannah shows only her bright face and genteel manner. Those who know her well, though, can see beyond her colonial trappings and small-city charm to a

world where witchcraft is respected, Hoodoo is feared, and spirits linger. Mercy Taylor is all too familiar with the supernatural side of Savannah, being a member of the most powerful family of witches in the South. Despite being powerless herself, of course. Having grown up without magic of her own, in the shadow of her talented and charismatic twin sister, Mercy has always thought herself content. But when a series of mishaps--culminating in the death of the Taylor matriarch--leaves a vacuum in the mystical underpinnings of Savannah, she finds herself thrust into a mystery that could shake her family apart...and unleash a darkness the line of Taylor witches has been keeping at bay for generations.

Jilo Aug 31 2022 Aged Mother Jilo is wise in the ways of magic...but once upon a time, she was just a girl. 1950s Georgia: King Cotton has fallen. Savannah is known as the "beautiful woman with a dirty face," its stately elegance faded by neglect, its soul withering from racial injustice and political corruption. Young Jilo--fiercely independent, intelligent, and ambitious, but thwarted by Savannah's maddeningly genteel version of bigotry--finds herself forced to embrace a dark power that has pursued her family for generations, an ancient magic that may prove her salvation...or her undoing. Explore the fascinating history of one of the Witching Savannah series' most vivid and beloved characters, as the resourceful and determined Jilo comes of age, strives to master formidable

magical skills in the face of overwhelming adversity, and forges her strange destiny against the turbulent backdrop of the civil rights struggle in the American South.

The King of Bones and Ashes Jul 30 2022 "Magic is seeping out of the world, leaving the witches who've relied on it for countless centuries increasingly hopeless. While some see an inevitable end of their era, others are courting madness--willing to sacrifice former allies, friends, and family to retain the power they covet. While the other witches watch their reality unravel, young Alice Marin is using magic's waning days to delve into the mystery of numerous disappearances in the occult circles of New Orleans. Alice disappeared once, too--caged in an asylum by blood relatives ... Discovering the cause of the vanishings, though, could be the only way to escape her mother's reach while determining the future of all witches"--Amazon.com.

The Night Before Nov 29 2019 A southern woman is tormented by murders she herself might be committing in this psychological thriller by the #1 New York Times bestselling author. In the dark shadows of a sultry southern town, a serial killer strikes. It's an act of sinister precision that has happened many times before—because every victim is an offering to a hunger that can never be sated. When Caitlyn Montgomery Bandeaux wakes up covered in blood, she has no memory of the

night before. Only later does she learn that her estranged husband was brutally murdered...like so many others she has known. Wanted by the police and haunted by horrifying, fragmented memories, Caitlyn turns to Adam Hunt, the town's new psychologist. But even as she and Adam grow closer, Caitlyn wonders how much she can trust him. With the killer still at large, the only think she knows for sure is that those who appear innocent are usually the most evil.

Savannah's Midnight Hour Dec 31 2019 Savannah's Midnight Hour argues that Savannah's development is best understood within the larger history of municipal finance, public policy, and judicial readjustment in an urbanizing nation. In providing such context, Lisa Denmark adds constructive complexity to the conventional Old South/New South dichotomous narrative, in which the politics of slavery, secession, Civil War, and Reconstruction dominate the analysis of economic development. Denmark shows us that Savannah's fiscal experience in the antebellum and postbellum years, while exhibiting some distinctively southern characteristics, also echoes a larger national experience. Her broad account of municipal decision making about improvement investment throughout the nineteenth century offers a more nuanced look at the continuity and change of policies in this pivotal urban setting. Beginning in the 1820s and continuing into the 1870s, Savannah's resourceful government leaders acted enthusiastically and aggressively to establish transportation links and to construct a modern infrastructure. Taking the long view of financial risk, the city/municipal government invested in an ever-widening array of projects—canals, railroads, harbor improvement, drainage— because of their potential to stimulate the city's economy. Denmark examines how this ideology of over-optimistic risk-taking, rooted firmly in the antebellum period, persisted after the Civil War and eventually brought the city to the brink of bankruptcy. The struggle

to strike the right balance between using public policy and public money to promote economic development while, at the same time, trying to maintain a sound fiscal footing is a question governments still struggle with today.

Stream Ecology May 04 2020 Running waters are enormously diverse, ranging from torrential mountain brooks, to large lowland rivers, to great river systems whose basins occupy subcontinents. While this diversity makes river ecosystems seem overwhelmingly complex, a central theme of this volume is that the processes acting in running waters are general, although the settings are often unique. The past two decades have seen major advances in our knowledge of the ecology of streams and rivers. New paradigms have emerged, such as the river continuum and nutrient spiraling. Community ecologists have made impressive advances in documenting the occurrence of species interactions. The importance of physical processes in rivers has attracted increased attention, particularly the areas of hydrology and geomorphology, and the inter-relationships between physical and biological factors have become better understood. And as is true for every area of ecology during the closing years of the twentieth century it has become apparent that the study of streams and rivers cannot be carried out by excluding the role of human activities, nor can we ignore the urgency of the need for conservation. These developments are brought together in *Stream Ecology: Structure and function of running waters*, designed to serve as a text for advanced undergraduate and graduate students, and as a reference book for specialists in stream ecology and related fields.

Midnight in the Garden of Good and Evil Feb 22 2022 NATIONAL BESTSELLER • "Elegant and wicked.... [This] might be the first true-crime book that makes the reader want to book a bed and breakfast for an extended weekend at the scene of the crime." —The New York Times Book Review
Shots rang out in Savannah's grandest mansion in the misty, early morning hours of May 2, 1981. Was it murder or self-defense? For nearly a decade, the shooting and its aftermath reverberated throughout this hauntingly beautiful city of moss-hung oaks and shaded squares. John Berendt's sharply observed, suspenseful, and witty narrative reads like a thoroughly engrossing novel, and yet it is a work of nonfiction. Berendt skillfully interweaves a hugely entertaining first-person account of life in this isolated remnant of the Old South with the unpredictable twists and turns of a landmark murder case. It is a spellbinding story peopled by a gallery of remarkable characters: the well-bred society ladies of the Married Woman's Card Club; the turbulent young redneck gigolo; the hapless recluse who owns a bottle of poison so powerful it could kill every man, woman, and child in Savannah; the aging and profane Southern belle who is the "soul of pampered self-absorption"; the uproariously funny black drag queen; the acerbic and arrogant antiques dealer; the sweet-talking, piano-playing con artist; young blacks dancing the minuet at the black debutante ball; and Minerva, the voodoo priestess who works her magic in the graveyard at midnight. These and other

Savannahians act as a Greek chorus, with Berendt revealing the alliances, hostilities, and intrigues that thrive in a town where everyone knows everyone else. *Midnight in the Garden of Good and Evil* is a sublime and seductive reading experience. Brilliantly conceived and masterfully written, this enormously engaging portrait of a most beguiling Southern city has become a modern classic.

The Book of the Unwinding Nov 21 2021 The struggle for power continues in the sequel to *The King of Bones and Ashes* from Wall Street Journal bestselling author J.D. Horn. With their magic diminishing, warring factions of New Orleans witches desperately search for the Book of the Unwinding--a legendary grimoire, hidden by spells, that holds the key to unimaginable powers. As a ruthless struggle erupts in a maelstrom of malevolent magic, psychic Nathalie Boudreau finds her destiny intertwined with that of an exiled witch. Her name is Alice Marin, a vulnerable young woman trapped in a realm of illusion. Only Nathalie can free her, but first she must come to understand and master her own extraordinary abilities. Now, in a world where betrayals have become the order of the day, it will fall to two women to restore rightful balance amid terrifying chaos.

Burnt Pot Island Jul 18 2021 Catherine Williams earns her living shucking oysters in a filthy, mosquito-infested shed, like all Geechee women in Pin Point, Georgia, in 1904. Even though she

graduates eighth grade and yearns to escape, none of the men whose children she bears can help her. Prohibition becomes law, and rum-running gangs invade the deserted sea islands, bribing the sheriff and the mayor of nearby Savannah, who promise unheard-of sums of money to the impoverished Geechees to do their dirty work, and who lure Catherine's son Willie into the business. When the owner of the oyster cannery makes an unwanted sexual advance toward Catherine's daughter Licia, Catherine is forced to hide Licia with her son on Skidaway Island, the epicenter of fine-liquor smuggling and manufacture of moonshine. She struggles to keep her job and home, both of which depend on pleasing her boss. The mayor entices Licia into sex and rum-running, building her a secret house on Burnt Pot Island, where even voodoo and Christian prayer aren't enough to keep her safe. Federal agents close in for a raid, forcing Catherine to choose between abandoning everything she has worked for and saving her children.

Landscape Ecology of Small Mammals Oct 09 2020 A summary of much of the experimental work on the spatial ecology of small mammals. This field has entered an exciting stage with such new techniques as GIS and systems modeling becoming available. Leading contributors describe and analyze the most well-known case studies and provide new insights into how landscape patterns and processes have had an impact on small mammals and how small mammals have, in turn, affected landscape structure and composition.
